MONITORING COUNCIL BACKGROUND

The [California Water Quality Monitoring Council](#) (Monitoring Council) was established by [California Water Code Section 13181](#) to enhance coordination and data sharing among state agencies that conduct water quality and ecosystem monitoring. The Monitoring Council makes recommendations to the California Environmental Protection and Natural Resource Agency Secretaries to improve the efficiency and integration of water quality monitoring. It works to integrate monitoring data across departments and agencies and increases public access to monitoring data and information.

MEETING INFORMATION

This meeting supports the Monitoring Council's efforts to advance its comprehensive monitoring strategy.

Meeting topics will include:

- Public Forum: opportunity for the public to address items not on the agenda
- Monitoring Council Member updates
- Post-fire Water Quality: Drinking Water Impacts

The meeting agenda and related information will be available on the [Monitoring Council's Meeting webpage](#).

Zoom registration is required. [Please register in advance of the meeting](#). After registering you will receive an email with details on how to join.
