

STATEMENT OF SUFFICIENCY

Proposed Initiative 2017-2018 #97 "Setback Requirement for Oil and Gas Development"

August 29, 2018

On August 6, 2018, the proponents and designated representatives of Proposed Initiative 2017-2018 #97 ("Setback Requirement for Oil and Gas Development") submitted 172,834 petition signatures to the Secretary of State. After reviewing a five-percent random sample of the submitted signatures, the Secretary of State projected the number of valid signatures to be greater than 110 percent of the total number of signatures required for placement on the ballot.

Random sample verification summary:

Total number of qualified signatures submitted	172,834
5% of qualified signatures submitted (random sample)	8,642
Total number of entries accepted (valid) from the random sample	6,160
Total number of entries rejected (invalid) from the random sample	2,482
Number of projected valid signatures from the random sample	123,195
Total number of signatures required for placement on ballot	98,492
Projected percentage of required valid signatures	125.08%

Because the random sample verification established that the projected number of valid signatures totals 125.08 percent of the amount required for placement on the ballot, Proposed Initiative 2017-2018 #97 is sufficient and will be certified to the 2018 general election ballot.

Dated this 29th Day of August, 2018.

Wayne W. Williams
Colorado Secretary of State
