**FINANCE DEPARTMENT/PURCHASING DIVISION**  
4970 CITY HALL BLVD  
NORTH PORT, FLORIDA 34286  
Office: 941.429.7170  
Fax: 941.429.7173  
Email: [purchasing@northportfl.gov](mailto:purchasing@northportfl.gov)

**NOTICE OF INTENT TO AWARD A SOLE/SINGLE SOURCE PROCUREMENT**

**Sole/Single Source No: SS NO. 26-04**

**Date Posted: October 3, 2025**

**Written Response Due Date: October 10, 2025**

**This is not a formal solicitation and there are no submissions required.** The proposed contract action is for product or services for which the City intends to negotiate and award with only one contractor/vendor under the authority of and in accordance with Florida State Statute 287.057(5)(c). Any responses received as a result of this Notice of Intent shall be considered solely for the purpose of determining whether to conduct a competitive procurement. Responses will not be considered as proposals, bids, or quotes.

- **DESCRIPTION OF SERVICE/PRODUCT: Software for facial recognition software**
- **AMOUNT** (This is an acquisition with an estimated value of): **\$5495.00**
- **VENDOR: CLEARVIEW AI INC**

Interested firms or individuals may identify their interest and capability to respond to the requirement by submitting in writing their name, address, point of contact, telephone number, e-mail, and a statement regarding capability to provide the specified procurement per the attached specifications. Interested firms will be considered only if they respond with clear and convincing documentation that they are capable of meeting or exceeding the requirements stated herein. All responses received within seven (7) calendar days after the date of publication of this synopsis will be reviewed by the City. A determination by the Procurement Manager not to compete this proposed action based on the responses to this notice is solely within the discretion and approval of the Procurement Manager and City Manager.

All sole/single source purchases exceeding the formal threshold indicated in the policies and procedures manual will require Commission Approval.

All responses must be in writing and returned to **ATTENTION: PURCHASING**, City of North Port, 4970 City Hall Boulevard, Suite 337, North Port, Florida, 34286 or by: Fax 941-429-7173, or by e-mail [purchasing@northportfl.gov](mailto:purchasing@northportfl.gov). Note the number of the Sole Source Information inquiry on documentation.

Information regarding this Intent may be viewed and downloaded from DemandStar's website at [www.demandstar.com](http://www.demandstar.com). Links to DemandStar are also available from the City website at [www.northportfl.gov](http://www.northportfl.gov). This Notice of Intent is posted on the City FTP site at <https://northportfl.gov/filesshare>. If you have any questions, concerns, or problems accessing this request using the link, please contact Michael White, Contract Administrator I, at 941.429.7174. Request for additional information or clarification regarding the specifications must be sent via facsimile to 941.429.7173 or via email to [purchasing@northportfl.gov](mailto:purchasing@northportfl.gov). No verbal requests will be honored.

 Blanket Purchase (current FY)**Purchase SubType \*** None  Change Order  
 Amendment**Description \***

Renewal for facial recognition software that is used in the RTIC.

Section 2-407 of the City of North Port Procurement Code provides guidelines for determining if good(s) or service(s) is/are a sole/single source. **All Sole/Single source requests will be posted on DemandStar & the City's Purchasing site for seven (7) business days.**

**Exemption Explanation (?) \***

This is a sole source product that NPPD utilizes when working with other agencies to identify subjects. Clearview AI includes the largest know database of 30+ billion facial images sourced from public-only websites, including news media, mugshot websites, public social media and many other open sources.

Since 2022, when NPPD began using software, it has assisted in quickly identifying suspects and solving cases using still photographs and/or video taken from crime scenes.

**Grant? \*** Yes  No**Technology Related? (?) \*** Yes  Renewal  No**Technology type \***

Software

**Exemption****Reason \***

Attach documentation from the manufacturer certifying the vendor selected is the only distributor/dealer/contractor for the products or services in question and/or holds the production, unique capability, copyrights, trademark, and/or patent to the item, and check the following applicable statement(s):

 Patent, copyright or unique design restrictions. (Sole Source)

 Proprietary rights in technical data and/or product formulations (e.g. cleaning compounds, lubricating oils, paint, etc.), which can only be determined through extensive laboratory analysis and examination. (Sole Source)

Only producer, such as utility supplier or construction material supplier, that will meet the specialized needs of the department or perform the intended function. (Sole Source)

Direct replacement parts, equipment or supplies that must be compatible with original equipment already installed but available only from the original equipment manufacturer. Most manufacturers have more than one dealer or distributor for their products. When this is the case, competition between dealers and/or distributors may be possible, eliminating the "sole or single source" restriction. (Single Source)

When tests and/or demonstrations of equipment, supplies, part, etc. under actual operating conditions reveal superior quality, performance, design or other characteristics in a brand product(s), which is available from only one source. Testing must be performed as often as practical. (Single Source)

Purchases for a brand product are to be made from one selected supplier, even though there are other suppliers that provide similar products. Options, such as pricing, availability, servicing, have been vetted and a supplier has been chosen that best meets the City's needs. (Single Source)

Maintenance, repair services or warranty which require specialized test equipment, procedures, and technical expertise available only from the original equipment manufacturer or authorized/licensed dealer/field service representative. (Single Source)

The part(s)/equipment are required to permit standardization and operating efficiencies within the organization and the parts and equipment are only available through a sole or single source. If competition is available, the parts and equipment must be competed. For brand-specific items, quotes should still be obtained. (Standardization)

Other: None or some of the above apply. Provide detailed justification below.

# CLEARVIEW AI UNIQUE ATTRIBUTES / SOLE SOURCE - 2025

Clearview AI is a unique facial recognition search engine that enables users to search publicly available online images. Clearview AI's patented, proprietary technology enables a user to upload an image of a face and generate a set of search results that contains images of highly visually similar faces from images located across the internet. Clearview AI is the sole provider of the following combination of functionalities, features, and services.

## EXCLUSIVE CAPABILITIES AND DATABASES

Clearview AI maintains a proprietary database of 50+ billion facial images sourced from the public internet, representing the largest and most comprehensive facial recognition database available to government agencies.

Unique attributes of Clearview AI's services include:

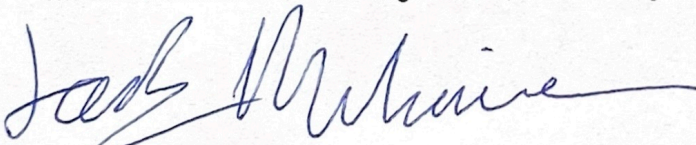

- **Largest Public Database:** Facial recognition searches of publicly accessible online facial imagery for supporting official, authorized work of government agencies.
- **Source Attribution:** Providing facial images alongside links to the webpages where they originally appeared.
- **Advanced Compliance & Oversight Tools:** Tools to facilitate system oversight, compliance with user agency policies, auditing, sharing and reporting features.
- **Unified Platform:** A unified platform of identity management, allowing for customized gallery image enrollments, still image extraction, public online imagery access, and facial recognition capability.
- **Multi-Database Architecture:** The only solution offering integrated access to public internet imagery, shared agency selected galleries, and agency-specific custom databases within a single platform.

## CRITICAL DIFFERENTIATORS FROM ALTERNATIVE SOLUTIONS

Vendors offering only mugshot database searches fundamentally cannot and do not provide equivalent functionality to Clearview AI's comprehensive solution due to Clearview AI's capability to additionally search public online images. Clearview AI participates in the National Institute of Standards and Technology's ("NIST") Face Recognition Vendor Test ("FRVT") and its algorithm has consistently achieved greater than 99% accuracy across all demographics.<sup>1</sup>

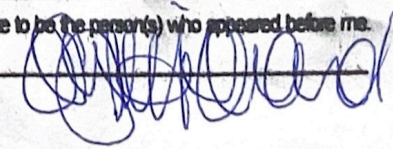

Clearview AI also holds U.S. Patent No. 11,250,266, titled "Methods for Providing Information About a Person Based on Facial Recognition," granted by the U.S. Patent and Trademark Office in 2022. The patent protects Clearview AI's core capability to match images from publicly available sources across the internet using its proprietary algorithm.

The above statement is made in good faith, with due diligence and a current assessment of the market.
