STATE BOARD OF LAND COMMISSIONERS

August 16, 2022 Department Report

Subject

Fire Season Update

Background

As of August 9, Emergency Fire Suppression expenditures are estimated to be \$9,350,000. The Suppression Account will recover an estimated \$3,400,000 of reimbursable costs, for a net obligation of \$5,950,000. The total obligation includes the 2022 contracted aircraft costs and prepositioned contract engines to assist with resource scarcity. These engines are assigned across the state to boost initial attack resources.

Discussion

On August 8, the Lions Roar fire was detected 22 miles W of Bonners Ferry. It is approximately 40 acres, burning in logging slash and heavy timber. The North Idaho Type 3 Incident Management Team began managing the fire August 11. The fire is 0 percent contained.

As shown by the table below, fire occurrence to date for 2022 is 60 percent of the 20-year average, while the acres burned is less than 2 percent of the 20-year average.

Number of Fires					
Year	Human	Lightning	Total	Acres	
2019	98	50	148	1,210	
2020	78	20	98	718	
2021	174	111	285	115,970	
2022	77	27	104	476	
20 Yr. Average			172	20,673	

Fire Season Comparison to Date

Numbers in table are YTD for prior years and YTD for the current year.

July was much warmer and drier than average, and this pattern has continued into August. Fire size and frequency is increasing throughout IDL protection. An above average fire season is predicted for Idaho through the end of September. There are fire restrictions in areas of southern Idaho.
