**Stone Base Grading and Asphalt Base Paving**

Date: October 16, 2024

Dear Resident:

On October 17, the contractor will begin preparing the roadway for the new asphalt base pavement. The contractor anticipates this phase of work will take approximately 4 days, with a tentative schedule as follows:

10/17 to 10/18: The contractor is scheduled to grade the stone base.

10/19 to 10/21: The contractor is scheduled to pave the asphalt base pavement.

The street and your driveway may have limited access during working hours. All driveways will be accessible once this phase of paving is complete.

All work is weather dependent and unknown utilities may cause delays.

During working hours (Saturday, 7:00am to 4:00pm and Weekdays, 7:00am to 6:00pm), please do not park on Western Av. Please park your vehicles on nearby side streets.

Whenever possible, please limit your trips through the work zone during working hours. Your patience and cooperation are greatly appreciated during construction.
