## **Chicago Avenue Pavement Patching (Howard St. to South Blvd.)**

July 16, 2018

---

### **Project Description**

The City of Evanston will be patching large areas of asphalt pavement on Chicago Avenue beginning the week of July 23, 2018. The work is scheduled to be completed next week, weather permitting, as part of the 2018 Motor Fuel Tax Street Resurfacing Project.

During construction, motorists should expect minor delays near work zones as flaggers route traffic around the work crews. Two-way traffic will be maintained on Chicago Avenue during street grinding and asphalt patching operations. This project will entail removing the distressed top asphalt surface and replacing it with a fresh, smooth asphalt surface coarse material. Once the asphalt is laid, compacted, and cooled, the street will be opened and ready for traffic.

### **Contractor**

The contractor for this street improvement project is J.A. Johnson Paving, 1025 E. Addison Court, Arlington Heights, IL 60005.

### **City Supervision**

The project is under the supervision of the City's **Capital Planning & Engineering Bureau**. The Resident Engineer in the field will be **Pankaj Chokshi**, who will be directly responsible for all aspects of the construction. If you should have any questions or concerns, please contact the Resident Engineer at **224-723-8237**. Questions about the street resurfacing project in general should be directed to **Sat Nagar, P.E.**, Senior Project Manager at **3-1-1** or **847-448-4311**.
