

# Fireworks Reminder

Fireworks are dangerous and prohibited in Evanston.

## Be a good neighbor and keep yourself and others safe.

- Fireworks can be extremely distressing to children and adults with noise sensitivities, as well as pets
- There were more than 9,000 U.S. emergency room visits related to fireworks in 2018
- Most common fireworks injuries include burns and damage to hands and fingers, legs, and eyes

The possession, manufacture, storage, sale, handling and use of fireworks and explosives are prohibited in Evanston, except as approved by the Fire Official. Police officers will be actively patrolling and citing those found in violation. For questions, call 847-866-5000.
