

City of Evanston

2021 Rebuild Illinois - MFT Street Resurfacing Project

June 8, 2021

Project Description

Over the next twelve weeks, the City of Evanston will be contracting road resurfacing work on nine street segments throughout the City. This project involves curb replacement as needed, roadway base repair, sewer work, replacement of asphalt surface from curb to curb along with selected ADA sidewalk replacement and driveway aprons. The funding for the project will be from the City's Rebuild Illinois and Motor Fuel Tax (MFT) Funds and there will be no direct charge for the property owners on these streets. The construction has been planned in two phases and the specific locations included in each phase of construction are listed below.

| Phase 1 Streets | Phase 2 Streets |
|---|--|
| Chancellor Street (Eastwood Ave to Dead End East) | Barton Ave (Harvard Terrace to Dead End South) |
| Clark Street (Chicago Avenue to Sheridan Road) | Dobson Street (Elmwood Ave to Custer Ave) |
| Lincoln Street (McDaniel Ave to Pioneer Road) | Madison Street (Asbury Ave to Ridge Ave) |
| Reese Avenue (Hartzell Street to Isabella Street) | Michigan Avenue (South Blvd. to Keeney Street) |
| | Mulford Street (Barton Ave to Ridge Avenue) |

Construction will begin **the week of June 14** on Phase 1 Street segments with the entire project expected to be fully completed by the end of **September**. The actual date when construction is planned for your street will be noted on the temporary **NO PARKING** signs posted 48 hours prior to the start of work. The construction activities will create some inconvenience for abutting residents, but we will attempt to minimize these inconveniences. Construction zone daytime **NO PARKING** restrictions will be intermittent throughout the duration of the project; evening and nighttime parking (5:00pm to 7:00am) will always be available. Street sweeping and/or neighborhood parking restrictions will be waived for a one block radius around the construction zone when temporary daytime **NO PARKING** is in effect.

Contractor

The contractor for this street improvement project is J.A. Johnson Paving, 1025 E. Addison Court, Arlington Heights, IL 60005.

City Supervision

The project is under the supervision of the City's **Capital Planning & Engineering Bureau**. The Resident Engineer in the field will be Pankaj Chokshi who will be directly responsible for all aspects of the construction. If you should have any questions or concerns, please contact the Resident Engineer at (224) 723-8237. Questions about the street resurfacing projects in general should be directed to Sat Nagar, P.E., Senior Project Manager at **3-1-1 or (847) 448-4311**.
