The City invites you to attend a Public Meeting regarding the proposed improvements along Ridge Avenue at the signalized intersections of Oakton Street, Main Street, Greenleaf Street, Dempster Street, Lake Street, Davis Street, and Church Street. The project will improve safety and operations to address recurring crashes at the seven signalized intersections. The improvements are approved by the Highway Safety Improvement Program (HSIP) funds received for the project.

This meeting is an opportunity to learn about the project, view existing project data, review proposed improvements, and provide input. The meeting will include informational exhibit display boards for viewing. City staff and members of the consultant team will be available to solicit input and answer your questions.

Face coverings must be worn at all times, and social distancing will be implemented. Anyone who requires assistance to participate in this meeting is invited to contact Sat Nagar by June 10, 2021.
