

August 16, 2021

Location of Affected Areas:

Adjacent properties to 1215 Church Street with traffic impacts on Ridge between Clark St. and Church St.

Description of Work:

W.B. Olson, Inc., and their subcontractor, Lenny Hoffman Excavating will be undertaking utility work on Ridge Avenue associated with 1215 Church Street project. This work will be conducted in (3) three Phases so as to minimize impact to the traffic on Ridge Avenue and the surrounding area.

PHASE 1 – Storm Sewer Connection (tentatively from Tue, Aug 24 thru Fri, Aug 27):

During the installation and connection of the new storm sewer connection, the sidewalk on the west side of Ridge Avenue will be closed and the southbound traffic on Ridge will be reduced to one lane from Clark to Church Street. Northbound Ridge Avenue traffic will be detoured at Church St to Oak Ave to Clark St, and back onto Ridge Ave.

During this modified traffic pattern, southbound Ridge Avenue traffic will NOT be allowed to turn left onto Church Street. Motorist going to the downtown area should use Emerson Street.

PHASE 2 – Disconnect of Water Services (tentatively from Mon, Aug 30 thru Wed, Sept 1):

During the disconnection of the water services a modified traffic pattern will be placed allowing one lane of traffic for both the Southbound and Northbound traffic on Ridge Avenue.

PHASE 3 – Retaining Wall Repairs/Rework (tentatively from Thu, Sept 2 thru Fri, Sept 10):

During this work, southbound Ridge Avenue traffic will be reduced to one lane and northbound Ridge Avenue traffic will NOT be impacted.

GENERAL INFORMATION:

The crews will be working Monday-Friday from 9:00 AM – 4:00 PM. Traffic controls and barricading will only be in place during work hours to ensure the safety of the workers, pedestrians, and motorists. Parking will be prohibited on Ridge Ave in at the work site during construction. All traffic control and traffic pattern adjustments will be completed using signage and barricades.

If you have any questions or concerns regarding this matter, please call Chris Powell with W.B. Olson (847) 460-8581. We apologize for any inconveniences.
