

City of Evanston 2022 Rebuild Illinois Street Resurfacing Project

June 6, 2022

Project Description

Over the next ten weeks, the City of Evanston will be contracting road resurfacing work on nine street segments throughout the City. This project involves curb replacement as needed, roadway base repair, sewer work, replacement of asphalt surface from curb to curb along with selected ADA sidewalk replacement and driveway aprons. The funding for the project will be from the City’s Rebuild Illinois/ Motor Fuel Tax (MFT) Funds and there will be no direct charge for the property owners on these streets. The construction has been planned in two phases and the specific locations included in each phase of construction are listed below.

Phase 1 Streets	Phase 2 Streets
Florence Avenue (Cleveland Street to Monroe Street) Greenleaf Street (Hinman Avenue to Sheridan Road) Madison Street (Wesley Avenue to Florence Avenue) McDaniel Avenue (Lee Street to Dead End South) Mulford Street (Asbury Avenue to Barton Avenue)	Elm Avenue (Lincoln Street to Central Street) Grant Street (Asbury Avenue to Ridge Avenue) Harrison Street (Elm Avenue to McDaniel Avenue) Harrison Street (Prairie Avenue to Green Bay Road)

Construction will begin **the week of June 13** on Phase 1 Street segments with the entire project expected to be fully completed by early August. The actual date when construction is planned for your street will be noted on the temporary **NO PARKING** signs posted 48 hours prior to the start of work. The construction activities will create some inconvenience for abutting residents, but we will attempt to minimize these inconveniences. Construction zone daytime **NO PARKING** restrictions will be intermittent throughout the duration of the project; evening and nighttime parking (5:00pm to 7:00am) will always be available. Street sweeping and/or neighborhood parking restrictions will be waived for a one block radius around the construction zone when temporary daytime **NO PARKING** is in effect.

Contractor

The contractor for this street improvement project is Builders Paving LLC, 4401 Roosevelt Road, Hillside, IL 60162.

City Supervision

The project is under the supervision of the City’s **Capital Planning & Engineering Bureau**. The Resident Engineer in the field will be Pankaj Chokshi who will be directly responsible for all aspects of the construction. If you should have any questions or concerns, please contact the Resident Engineer at (224) 723-8237. Questions about the street resurfacing projects in general should be directed to Sat Nagar, P.E., Senior Project Manager at **3-1-1** or (847) 448-4311.
