

ETHS will be moving a two-story home

**Monday, September 9
from 9 a.m. to 1 p.m.
ETHS to 1319 McDaniel Ave.**

The move route:

**Leave ETHS
East on Lake St.
South on Dodge Ave.
West on Dempster St.
North on McDaniel Ave.**

No parking along parts of the moving route.

Parking restrictions will be in place along the route. Expect minor delays.

ETHS Geometry in Construction Course

This course provides students the opportunity to learn math by building a home which is then sold as affordable housing. Geometry in Construction is a 10+ year collaboration between Evanston Township High School (ETHS), the City, and Community Partners for Affordable Housing.

Want to purchase this home?

The first step is to attend a required Community Land Trust Homeownership Info Session. Classes are free and are held monthly via Zoom. [Please register at \[cpahousing.org/class-registration\]\(https://cpahousing.org/class-registration\)](https://cpahousing.org/class-registration). You will receive information about the program and the Zoom link the day before the class.

The purchaser's household income cannot exceed 120 percent of the area median income for household size.
