## Robert Crown Athletic Field Fencing Repairs

August 26, 2025

### Project Description

Over the next two months the City of Evanston will be contracting fencing repairs at the Robert Crown Athletic Fields. This work will include replacement of existing fence fabrics with heavier gauge materials to help accommodate the high use of these fields.

### Project Schedule

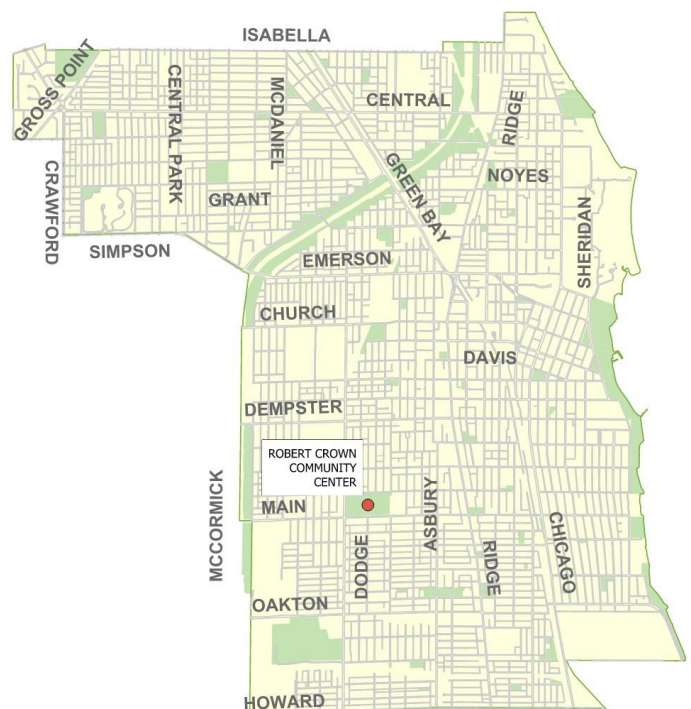

This project is anticipated to begin in **mid September 2025** and be completed in **October 2025**. During construction, the crews will minimize disturbance as much as possible. All athletic fields will remain open for public use. Construction activities may create some inconveniences for residents, but we will attempt to minimize these issues. Limited parking restrictions at the northeast corner of the Crown parking lot may be required to accommodate construction activities and will be signed with temporary "NO PARKING" signs posted 48 hours in advance.

### Contractor

The project's general contractor is National Sports Nets, LLC., 1244 State St., STE 312, Lemont, IL.

### Project Monitoring

The project is monitored by the City's Capital Planning & Engineering Bureau. If you have questions or concerns during construction, please contact Kenon Boehm, Landscape Designer, at **3-1-1** or **847-448-4311**.
