

NEW YEAR, NEW HABITS:

COMPOSTING IN CARMEL!

The **City of Carmel's** Climate Action Committee is partnering with **Earth Mama Compost**, to offer community composting to all Carmel residents in 2026. You can recycle your household food scraps (and more) through this trusted local service - and they come to you!

Diverting waste through composting is easy and impactful AND Earth Mama is providing a **25% discount** to all Carmel residents with a monthly fee of \$15 for their every other week pick up program.

For more information and to sign up for this service, please visit:

EarthMamaCompost.com

LEARN MORE about Carmel's Climate Action Plan and ways that you can contribute to Carmel's sustainability at **carmel.in.gov/compost**
