Subject: Digital Learning Leadership Cadre

The Indiana Department of Education (IDOE) is committed to supporting educators in developing and delivering high-quality digital learning experiences for students. IDOE is excited to announce the 2022-2023 Digital Learning Leadership Cadre as an opportunity to share, explore, and collaborate on digital learning topics.

The Office of Digital Learning team will build a cadre of leadership charged with providing support to teachers and corporations on topics important to virtual- and blended-learning environments. This opportunity is open to any educator passionate about digital learning including: educational technology or instructional coaches, building or corporation leadership, classroom teachers, or any other interested party.

The Digital Learning Leadership Cadre will be comprised of not more than twelve educators across the state. Completed applications will be considered by a selection committee, and acceptance notifications will be sent on Friday, May 6. The 2022-2023 Digital Learning Leadership Cadre is a one-year commitment; however, selected members who fully participate may be invited to engage in the future.

Participants will commit to participating in one meeting each month from June to May for a total of 12 meetings. Meetings will be held virtually with the exception of two meetings which will be held in-person in Indianapolis in September and May. Exact meeting dates will be determined by the group at a later date.

A participant's school corporation may be reimbursed for travel expenses for in-person meetings at the [state rate](#).

All interested educators should apply [here](#) by 4 p.m. ET on Friday, April 22.

Important Dates:

- **Application Opens:** Friday, April 1
- **Application Deadline:** Friday, April 22
- **Acceptance Notification:** Friday, May 6
