ILEARN

ILEARN TEST OVERVIEW

ILEARN is Indiana's summative school accountability assessment for grades 3-8.

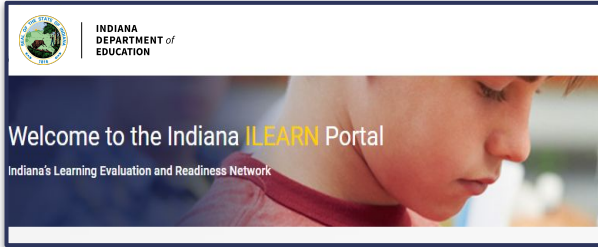

Students in grades 3-8 who do not qualify for the alternate assessment participate in their grade-level testing. The ILEARN Biology End-of-Course Assessment is required upon completion of the high school biology course, and the optional U.S. Government End-of-Course Assessment may be administered to students who have completed U.S. Government.

ILEARN 3-8	
Grade	Content Area
Grade 3	English/Language Arts, Mathematics
Grade 4	English/Language Arts, Mathematics, Science
Grade 5	English/Language Arts, Mathematics, Social Studies
Grade 6	English/Language Arts, Mathematics, Science
Grade 7	English/Language Arts, Mathematics
Grade 8	English/Language Arts, Mathematics
End-of-Course	Biology, U.S. Government (optional)

ILEARN TEST DESIGN

ILEARN assessments are untimed.

ILEARN consists of both performance tasks (PTs) and computer-adaptive tests (CATs).

Refer to IDOE's ILEARN Scheduling and Timing Guidance for more information on scheduling student testing.

IREAD-3

IREAD-3 TEST DESIGN

IREAD-3 is a foundational reading assessment developed in accordance with Indiana legislation.

IREAD-3

Segment 1

Segment 1 requires the Secure Segment 1 Script.

Segment 2

Segment 3

IREAD-3 is a required assessment for all grade three students. Schools may also opt in to administer the assessment to grade two students as an early indicator of proficiency.

Students who do not pass in grade three must participate in the summer retest opportunity. They must retest until they pass or receive a Good Cause Exemption (GCE), if eligible.

- GCEs exclude students from additional IREAD-3 retest requirements.

IREAD-3 OVERVIEW

How does IREAD-3 impact a student's promotion to grade four?

Students who do not pass IREAD-3 may be promoted to grade four, but must continue to receive grade three reading instruction and participate in retest opportunities in grade four and five, if applicable.

Students who do not pass IREAD-3 following the summer retest and are not eligible for a GCE should have their overall academic performance in all subject areas assessed to determine whether retention in grade three is necessary.

IREAD-3 GRADE TWO OPT IN

Schools can opt in to administer IREAD-3 to grade two students.

Spring 2022 was the first opt-in opportunity, and it will also be offered in spring 2023.

IREAD-3 Grade Two Cut Scores

At Risk

Pass

Grade two students who receive a *passing score* are not required to take IREAD-3 in grade three. Students whose scores indicate they are *On Track* or *At Risk* will retest in the spring of grade three.

INDIANA
DEPARTMENT of
EDUCATION

OPT-IN: EARLY INDICATOR OF STUDENT READING PROFICIENCY

Students who can read by the end of grade three are more likely to be successful in their future endeavors, making it extremely important that schools have valuable information regarding a student's ability to read as early as possible. The Indiana Department of Education (IDOE) is committed to supporting early literacy by providing reading proficiency information earlier, allowing schools to respond quickly and provide targeted support for students who need it most. IDOE is offering a new opportunity for schools to voluntarily administer IREAD-3 to grade two students, beginning with the Spring 2022 IREAD-3 administration.

USING IREAD-3 AS AN EARLY INDICATOR OF READING PROFICIENCY

The Indiana Reading Evaluation and Determination (IREAD-3) is a reading assessment developed to measure foundational reading skills. Schools currently administer IREAD-3 at the end of grade three.

- Students receiving free or reduced lunch, racially and ethnically diverse populations, and English learners have consistently performed at least 10 percentage points behind their peers on IREAD-3.
- Approximately 6,000 students annually receive Good Cause Exemptions, but may struggle to become lifelong learners.
- Of the approximately **81,000 third grade students** who took the IREAD-3 assessment in spring 2021 (following the initial pandemic year), **81% passed**.

It is crucial that students are equipped with the essential literacy skills to successfully access vocabulary and comprehend texts from a wide variety of disciplines at each grade level and beyond. To provide schools with information about reading ability at grade two, IDOE will set a new cut score, "On Track," for reading proficiency during summer 2022.

I AM

I AM OVERVIEW

I AM is the summative accountability assessment for students with significant cognitive disabilities.

I AM is Indiana's Alternate Measure. Only about 1% of students qualify to participate in I AM.

I AM Biology is required upon completion of the biology content connectors.

I AM	
Grade	Content Area
Grade 3	English/Language Arts, Mathematics
Grade 4	English/Language Arts, Mathematics, Science
Grade 5	English/Language Arts, Mathematics, Social Studies
Grade 6	English/Language Arts, Mathematics, Science
Grade 7	English/Language Arts, Mathematics
Grade 8	English/Language Arts, Mathematics
Grade 10	English/Language Arts, Mathematics
End-of-Course	Biology

ALTERNATE ASSESSMENT CRITERIA

Alternate Assessment Criteria

Review of student records indicate a disability that significantly impacts intellectual functioning and adaptive behavior. Adaptive behavior is defined as essential for someone to live independently and function safely in daily life.

The student requires extensive, repeated, and individualized instruction and support that is not of a temporary nature.

The student uses substantially-adapted materials and individualized methods of accessing information in alternative ways to acquire, maintain, generalize, demonstrate, and transfer skills across multiple settings.

Goals listed in the Individualized Education Plan (IEP) for this student are linked to the corresponding grade level Alternate Achievement Standards (Indiana Content Connectors).

INDIANA SAT OVERVIEW

The SAT is Indiana's summative high school accountability assessment for grade 11 students.

CTCs will designate School Test Coordinators (STCs) to College Board to oversee school-specific testing.

Additionally, CTCs must ensure that a Services for Students with Disabilities (SSD) Coordinator oversees required accommodations for the SAT administration.

Student data will be imported to the College Board TIDE system to verify prior to testing, as Indiana does not maintain a nightly feed with College Board's TIDE.

The SAT assesses high school Mathematics, Reading, and Writing standards in grade 11.

College Board is the vendor for the SAT.

Cohort 2024 students must participate in this administration, and no state-funded retest opportunities are offered for the SAT.

SAT TEST DESIGN

The SAT assessment is timed.

Although the SAT is not a Graduation Qualifying Exam, it may be used to fulfill Graduation Pathways.

The primary testing mode is online.

The SAT is administered each year in the spring semester.

Test Coordinators confirm student data and information in College Board's TIDE prior to testing.

College Board is the vendor for the PSAT.

WIDA

WIDA OVERVIEW

WIDA is Indiana's English language proficiency placement and annual assessment.

WIDA Screener assessments are used to identify and inform initial programmatic placement of English learners (ELs).

WIDA ACCESS summative assessments are administered annually to determine ELs' current levels of English proficiency and to monitor student progress. It is federally required that 100% EL students participate.

WIDA OVERVIEW CONTINUED

The primary testing mode is online.

IDENTIFICATION

Entrance Criteria: A potential EL student who scores below 5.0 on WIDA Screener is formally identified as an EL.

PLACEMENT

WIDA Screener results determine a student's placement in the EL program and inform instructional services.

PROGRESS

WIDA ACCESS results are utilized to support decisions about instructional planning and show the progress of ELs annually.

ACHIEVEMENT

Exit Criteria: An EL who scores 5.0 to 6.0 on WIDA ACCESS is reclassified as fluent and enters two-year monitoring period.

ISPROUT

ISPROUT OVERVIEW

ISPROUT is an optional Indiana Student Performance Readiness and Observation of Understanding Tool used for measuring student progress.

ISPROUT is an observational tool aligned to the Early Learning Foundations for student developmental reporting, artifact archival, and meeting/planning assistance.

ISPROUT OVERVIEW CONTINUED

How is ISPROUT used/reported?

Content areas like mathematics and English/language arts are reported in three categories: Social/Emotional, Knowledge and Skills, and Independence/Motor Coordination.

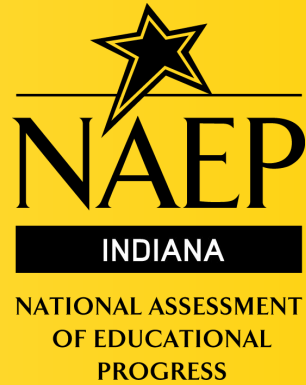

ISPROUT is utilized for Indiana students receiving services as part of an Individualized Education Plan (IEP) to meet reporting requirements for the U.S. Department of Education's Office of Special Education Programs.

NAEP

NAEP OVERVIEW

NAEP is the largest nationally-representative and continuous assessment in the U.S.

Additional Resources

- [NAEP Website](#)
- [The Nation's Report Card](#)

NAEP is a congressionally-mandated project, and participation is required for schools receiving Title 1 funding.

NAEP provides results on student achievement, instructional experiences, and environmental factors.

Indiana has been selected to participate in several NAEP and international assessments and studies in 2022-2023. Sampled corporations and schools have been contacted directly.

Universal Dyslexia Screenener

UNIVERSAL SCREENER OVERVIEW

The universal screener is required for K-2 students to identify learning characteristics related to dyslexia.

Additional Resources

- [IDOE's Dyslexia webpage](#)
- [2022-2023 Dyslexia Programming Guidance for Schools](#)

Administration of the universal screener for learning characteristics related to dyslexia is required in kindergarten through grade two within the first 90 calendar days of school.

If students are flagged as 'at risk' or 'at some risk,' schools immediately provide intervention and request parental consent to administer a diagnostic assessment to further inform that intervention.

Only approved screeners and diagnostic assessments may be used for these purposes.
