

INDIANA LEARNS

Indiana Learns Review Committee Member Brief

Background

In January 2022, the Indiana General Assembly passed House Enrolled Act (HEA) 1251, creating a microgrant program designed to support students in recovering from the academic impact of the COVID-19 pandemic. Indiana Learns was developed as a statewide microgrant program through the Indiana Department of Education (IDOE), dedicated to providing high-quality tutoring and out-of-school support to qualifying students with the goal of supporting students' mathematics and English/language arts growth.

The Indiana Learns review committee will review all Learning Partner applications on a rolling basis to ensure high-quality options are available for families to select through Indiana Learns.

Role of the Committee

The Indiana Learns review committee will review and conduct key decision-making regarding Learning Partner applications.

Time Commitment and Structure

Stakeholders that elect to serve on the committee will receive an orientation to the process. The orientation will consist of additional background information regarding Indiana Learns and details regarding how the committee will utilize the rubric to score applications.

Committee members will participate in two, 90-minute virtual review sessions per month. The first session will be held from 9 to 11 a.m. ET on Monday, October 3. The committee will determine recurring meeting dates and times during this initial session.

Prior to each meeting, committee members will receive the Learning Partner application, a summary brief of the application, and the scoring rubric. Meetings will be used to discuss any outstanding questions regarding applications and to conduct a vote on acceptance of the Learning Partner.

Indiana Learns looks forward to procuring a diverse group of stakeholders to serve on this important committee. Visit the [Indiana Learns website](https://www.indianalearns.org/) for additional information, and contact [Seana Murphy](#) from The Mind Trust if you are interested in serving on the Indiana Learns review committee.
