Join Cohort Two of Indiana Literacy and STEM Cadres

IDOE and the Center of Excellence in Leadership of Learning (CELL) at the University of Indianapolis invite schools and corporations to be part of cohort two of the Indiana Literacy Cadre and the Indiana STEM Cadre. By joining cohort two, schools will:

- Receive comprehensive support for leadership and instructional coaches
 - Includes in-school training to implement the five pillars of science-based reading instruction or integrated STEM learning
- Be assigned a Training Support Specialist (TSS) from an Education Service Center (ESC) to provide onsite and virtual support for the Cadre coach and administration in the implementation of the Cadre goals
- Receive some financial support for a literacy or STEM Cadre coach from CELL
- Participate in summer training related to Science of Reading or STEM integration
- Receive additional training and support in ongoing, bimonthly Collaboration Network meetings
- Receive supplemental curricular materials and formative assessment tools
- Receive ongoing support and assistance in troubleshooting implementation issues

By participating, schools agree to:

- Provide a qualified Cadre coach approved by CELL and IDOE (collaboration and flexible solutions available)
- Engage in regular, robust professional development throughout the year
- Follow the identified curriculum, instructional practices, and implemented coaching cycles
- Administer Indiana-approved formative assessment tools across the grant period
- Protect your coach's time to ensure they can effectively coach teachers
- Share data and participate in monitoring activities

EDUCATION

Our Goals

The Indiana Literacy Cadre works to help Indiana's students read proficiently by the end of the grade three by providing professional development for K-2 educators across the state based on the Science of Reading (SoR) research.

The Indiana STEM Cadre works to help every Hoosier student receive foundational STEM integration skills by developing and implementing collaborative professional development for educators (grades 4-8) rooted in research-based practices.

Join Today

Join cohort two and continue Indiana's mission to ensure 95% of Hoosier students can read proficiently by the end of grade three, as well as our mission in preparing students to solve authentic problems and pursue high-demand careers by implementing crucial integrated STEM learning in schools.

Start the process now by visiting INLiteracy.org or INSTEM.org to submit an interest form.
