TREATMENT CENTERSM

Overcoming addiction. Transforming lives.

Join us for the Tenth Anniversary Ann Daugherty Symposium for Basic Science of Addiction and Treatment

May 22, 2019

Franklin College, 101 Branigin Blvd. Franklin, IN 46131

8:00 am to 4:30 pm

This conference is a forum for professionals, policymakers, educators and the public from diverse disciplines interested in the biochemical, genetic, behavioral, and public health aspects of addiction.

Presenters include: Thomas Farley, President of the Chris Farley Foundation (brother of late actor and comedian Chris Farley who died in 1997 as a result of substance abuse); Jaime Johnson, founding member of the Grascals, 3 time Grammy Nominee will take the stage to share his Recovery story; Steven Sewell, Grief Educator, Trainer, Author to present on grief within the scope of addiction and its impact on loved ones; Quintin Chipley, MA, MD, PhD, to provide a thought provoking look at technologies and their impact on the disease of addiction; Michael E. Townsend, MSSW, Recovery Kentucky Administrator presenting on the Recovery Kentucky Model and outcome research to date.
