

## ✓ UNDERSTANDING THE WES Gateway Program

The WES Gateway Program seeks to further the academic and career goals of qualified individuals who, because of adverse circumstances in their country of education, lack standard proof of academic achievement.

Through the Gateway Program, WES can reliably validate and assess the education of eligible individuals displaced by political unrest, conflict, and natural disasters even when verifiable documents are not available. The WES Gateway Program provides high-quality credential evaluation reports that can be accepted and recognized by employers, higher education institutions, and regulatory bodies throughout the U.S.

At this time, the program is available to individuals educated in the following countries who meet program requirements:

Afghanistan

Eritrea

Iraq

Syria

Turkey

Ukraine

Venezuela

### IS THE WES GATEWAY PROGRAM RIGHT FOR YOU?

WES recommends its standard evaluation process whenever possible to ensure the verification and authentication of all credentials. Applicants should make every effort to obtain their official documents from their institution before looking to access the services of the WES Gateway Program.

Please visit [applications.wes.org/required-documents](https://applications.wes.org/required-documents) to view document requirements, and [wes.org](https://wes.org) to access the standard application.

**Follow these three steps to obtain a credential evaluation through the WES Gateway Program:**

**STEP 1**

Speak to a staff member at the referral organization to determine whether the WES Gateway Program is right for you.

**STEP 2**

Book an appointment with your referral organization. Bring documents to the appointment that prove your academic achievement. The referral organization will help you set up your account and submit documents to WES.

**STEP 3**

WES determines if you have submitted adequate documentation to prepare a credential evaluation. You can follow the progress of your application online via My Account; you will be notified when your report is complete.

Return to your referral organization to discuss your credential evaluation report, as well as your career and academic options.
