VACCINE NEWS: WEEKLY REVIEW

THIS WEEK'S PROGRESS

- On April 26, National Women's Soccer League Club Racing Louisville FC hosted a pop-up COVID-19 vaccine clinic during its game against the North Carolina Courage. Fans who signed up to get a vaccine dose received free admission. Those who got vaccinated at the game but already had a ticket received a voucher to attend a future game free of charge.
- As all eyes fall on the commonwealth for the 147th running of the Kentucky Derby, Gov. Andy Beshear on Tuesday visited the main UPS global air hub to highlight the role Kentuckians are playing in distributing coronavirus vaccines throughout the nation to save lives and end the pandemic. To learn more, see the full release.
- On April 28, Gov. Beshear visited Henderson to help launch one of two new Community Vaccination Center (CVC) sites, which the state is opening in partnership with the Federal Emergency Management Agency (FEMA). The commonwealth and FEMA also opened a CVC site in Laurel County.

NEXT WEEK'S GOALS

- FEMA is sending four mobile vaccination clinic vans to Kentucky. Each can administer 125 doses per day. Each fixed CVC site in Henderson and Laurel counties will also receive 250 doses each day. Statewide, FEMA will have the capacity to administer 1,000 COVID-19 vaccine doses to Kentuckians per day through these efforts. To learn more, see the full release.
- All Kentuckians 16 and older are now eligible for a COVID-19 vaccine; individuals in this region are encouraged to sign up for a CVC site appointment here or by calling 270-953-3785. Both registered and walk-up visitors are welcome.

THINGS TO KNOW

- "Every day, we get a step closer to reaching the 2.5 million-vaccine *Team Kentucky Vaccination Challenge* and ending this pandemic once and for all," said Gov. Beshear. "There are now more options than ever for you to sign up for your shot of hope. It's fast, it's easy and it will help us save lives and get back to more of the activities we've missed over the past year."
- To see all vaccination sites and free transportation options to and from vaccination appointments, visit vaccine.ky.gov. To see a list of vaccination sites that have openings this week, visit vaccinemap.ky.gov. If Kentuckians have questions, they should call the state's COVID-19 Vaccine Hotline, 855-598-2246 or TTY 855-326-4654 (for deaf or hard-of-hearing Kentuckians).
