**District 5 Monthly Neighborhood Advisory Committee Meeting will NOT meet on Monday, June 19th at 6:00 pm.**

Instead, we are encouraging everyone in District 5 to come hear the 4 proposals submitted to redevelop the 24-acre site at 30th and Muhammad Ali Blvd, known as Heritage Green, and let your opinion be recorded for what you want to see on that prime property. The proposals will be heard at LCCC located at 1301 W. Muhammad Ali from 6:00 pm to 8:00 pm.

## CHERI BRYANT HAMILTON, DISTRICT 5 COUNCILWOMAN

### Message from Councilwoman Cheri Bryant Hamilton about the Redevelopment of Heritage West and upcoming meeting

I'm very pleased that the process for the redevelopment of the Heritage West site at 30th and W. Muhammad Ali Blvd. continues to move forward as evidenced by the four responses to the Solicitation of Interest for the property. Last fall, the West Louisville Community Council helped lead residents in the establishment of a set of priorities for the redevelopment of this site through extensive community engagement activities. Now, the community will have another opportunity to stay engaged in this important process by reviewing the proposals online, or reading hard copies of each at the Western and Shawnee Branch Libraries. The public, especially West Louisville residents, can also provide feedback and their preference both online and at the **June 19th public meeting at LCCC, located at 1301 W. Muhammad Ali Blvd at 6:00 pm** where they can hear presentations from the developers and help decide the future of this important parcel in the Russell neighborhood.

### Google Fiber is coming to District 5!

**District 5** will be the **first** area in the city to have **Google Fiber** build a new fiber-optic network in the **Portland Neighborhood** from **22nd to 30th Street, W. Market to Bank Street**. **Construction will begin Tuesday, June 13th.**

Over the next few weeks, construction crews will be working in the Portland neighborhood on utility poles or underground. They may be digging to lay the fiber-optic cable. If you have utility poles or underground equipment on your property, they may need to access them as well.

The goal is to minimize any inconvenience to you. Rest assured, after the fiber and necessary equipment are in place, crews will work to restore any affected areas of your yard. If you have any question or concerns about construction or restoration in your area, please call the Construction Phone Line any time at **877-454-6959**. To learn more about Google Fiber please visit [www.google.com/fiber](http://www.google.com/fiber)

### Community and Community Leaders Sound off during Public Meeting at Cole's Place *Nine Councilmembers from the West, East and South listen*

Residents of the West End and Community Leaders came together at a public meeting on Monday, June 5th at Cole's Place in the Parkland Neighborhood to speak on the rise in violence that is plaguing Louisville. Homicides are up 16%, from 48 at this time in 2016 to 56 in 2017, with four murders coming this past weekend. A major cause of concern was the demotion of our 2nd Division Commander Raymond "Jimmy" Harper, a former major who oversaw patrols in much of the West End being demoted two weeks ago to Lieutenant on River Patrol.

Other issues that were covered at the meeting included Chief Conrad's lack of leadership or crime strategy, perceived inability to listen to officers and the community, parenting accountability, gun safety, the need for residents to take precautions to protect themselves, youth depression, and more black residents running for council and signing up for the police force.

### New basketball courts, amenities dedicated at Shawnee Dirt Bowl

As part of a multi-year effort creating improvements at [Shawnee Park](#), Mayor Greg Fischer and other local officials dedicated the newly upgraded and historic Dirt Bowl courts Tuesday morning. The annual Dirt Bowl tournament, in its 48<sup>th</sup> year, **begins this year on Saturday, June 17 at Shawnee Park.**

Many of the city's and region's leading hoops figures—including **Darrell Griffith, Tony Kimbro, Artis Gilmore, Louie Dampier and Derek Anderson** – have competed in the tournament. In addition to the high-quality of competition in the tournament, the Dirt Bowl is recognized as a cultural and social summertime institution in west Louisville. Last year, a book titled “I Said Bang: A History Of The Dirt Bowl” was released by the Louisville Story Project outlining the significance of the tournament, from its beginnings in 1969 when it was created by Janis Carter and Ben Watkins.

In conjunction with an underground basin project that is ongoing in the park and is slated to continue through 2018, MSD has committed to making several improvements to the park, including new playing surfaces at Hornung Field, a new open-air pavilion and restrooms and the restoration of the lily pond and Ball House – the future home of the West Louisville Outdoor Recreation Initiative.

“I’m so glad that the MSD basin project has made the improvements to the Dirt Bowl courts possible. They are heavily used courts and will be able to extend the enjoyment and usage of the courts for years to come for patrons of all ages,” said **Councilwoman Cheri Bryant Hamilton**, who represents District 5, which includes Shawnee Park.

The work on the basketball courts consists of **new fiberglass backboards, a scoreboard, concrete pads and bleachers as well as an enhanced electrical system** for the court and nearby surroundings. The courts have also been slightly moved so that the evening sun will not be in the player's faces, something that has been a long been a challenge at the Dirt Bowl.

## CHERI BRYANT HAMILTON, DISTRICT 5 COUNCILWOMAN

My community friends,

While we all as a community are well aware of the crime dominating our community, much of which to this day I believe does not have to happen, if we truly believe in a Community/Police partnership which I know all of you do. In order for it to truly work, the “truth” about crime in our community has to be a priority.

I have been extremely humbled to my core of what I am as a person and member of this community the past week and a half. I know I have lost the rank and pay, but have gained much more in the reaffirmation that what we are **trying** to do, what we **know** we can do, and what we **want** to do as a community counts. No matter what some may think, our community does pay attention, are the experts, and are believers that we are better than what is presently occurring. Believe me, our officers believe the same thing, and they are our community too. Everywhere I have served as a Major over the past 9 years I have preached to them all that **the truly “Good People” in our community are the priority.** Trust me they have followed that advice!

I want to close by saying thank you to you all. Every day, no matter what or where I served, I was inspired by the “Good People.” I had the advantage of many block watch/neighborhood groups that inspired me even more because I got to talk directly to people that want what we all want; **Safety and Security**, but more so a passion for their neighborhood friends. Your councilmembers here and across this city give a damn, and I have personally watched them battle for things and resources relentlessly. All for the good of our communities, I personally know that to them as with me, it is a passion to make a difference and improve our quality of life no matter where we live.

Thanks and please know I am fortunate to have gained so much from you as friends, and will continue doing my best to serve you no matter what.

Jimmy Harper

### New Directions Housing Corporation

Repair Affair - Saturday, June 10th

#### What is Repair Affair?

New Directions Housing Corporation (NDHC) is committed to Making Community Happen! Their core mission is to ensure that prosperity and positivity take root within our community. New Directions has found that one of the most impactful ways to do so is through Repair Affair.

Repair Affair began in 1993, and it repairs homes, helps homeowners, and preserves neighborhoods. Each year 1,600 volunteers from across Kentuckiana provide assistance to over 150 low-income elderly and/or disabled homeowners in depressed neighborhoods. The average annual income for Repair Affair homeowners is less than \$13,500, and they struggle to maintain the home they love. Volunteers provide feelings of hope and security to homeowners, and repairs range from yard work, to paint, to the installation of wheelchair ramps.

**2017 Repair Affair Event Date:**

**Saturday, June 10th is Jefferson County Repair Affair**

Please call Jacie Morgan at **(502) 719-7153** or send an email to [jaciem@ndhc.org](mailto:jaciem@ndhc.org) to volunteer today!

For more information on NDHC or for sponsorship opportunities, contact Ashley Cassetty, Director of Community and Donor Engagement at **(502) 719-7169** or [AshleyC@ndhc.org](mailto:AshleyC@ndhc.org).

### Fresh Stop Markets

**Please Clip & Save!**

Fresh Stop Markets are bi-weekly fresh food markets that "pop up" at local churches, community centers and housing authorities in fresh food insecure neighborhoods. Community members purchase shares of 10-12 varieties of seasonal produce in advance so that farmers don't face the same degree of risk as they would with a standard farmers' market. Call **502-509-6770** for more information or visit [www.newroots.org](http://www.newroots.org).
