### Safely Cleaning Up After Flooding

MSD advises residents whose homes or businesses were flooded to follow these guidelines. Take photographs of the damage before cleanup.

#### Available drop-off sites:

Jefferson County residents may drop-off residential flood debris at any of seven sites through Saturday, March 24. The drop-off locations will be open Thursday through Saturday, 1 p.m. to 8 p.m. **The Waste Reduction Center, the site most convenient for District 5 residents, will be open for debris drop-off Monday through Saturday, 8 a.m. to 5 p.m.**

The free service is available for residents of Jefferson County only and it does not include commercial haulers. **No yard waste or construction debris other than flood-damaged drywall and insulation will be accepted.** Electronics must be separated from other items. **To qualify for the free drop-off residents must present the attendant with two forms of identification verifying Louisville residency.**

If a citizen hires an individual or business to remove debris, the citizen must accompany the hauler to the drop-off center or provide the hauler with the same two forms of identification to present at the facility.

Drop-off sites thru Saturday, March 24 as follows:

**Thursday – Saturday**  
**1 p.m. – 8 p.m.**

Bethany Lane  
10500 Lower River Road

Charlie Vettiner Park  
5550 Charlie Vettiner Park Rd

Newburg Community Center  
4810 Exeter Ave

Dixie Recycling Center  
7219 Dixie Hwy

**Monday – Saturday**  
**8am-5pm**  
Waste Reduction Center  
636 Meriwether Avenue

#### Pickup service in Metro Council District 5:

Pickup requests must be made by telephone or email no later than 5pm on March 9 to 574-3571 ext. 0 or [swmd@louisvilleky.gov](mailto:swmd@louisvilleky.gov). **Requested pickups are made in District 5 on March 16, 2018.**

### **Louisville Metro's Funding for the Home Repair Program have been Exhausted**

**Effective Tuesday March 06, 2018: Louisville Metro's funding for the Home Repair program have been exhausted due to an unprecedented volume of applications. As such, the Office of Housing and Community Development (OHCD) will not accept applications for the Home Repair program until further notice.** The Home Repair program uses Community Development Block Grant (CDBG) funds provided by the U.S. Department of Housing and Urban Development (HUD). Because of the unusually high number of applicants, applications are unable to be processed until additional funds become available.

The CDBG program provides grant assistance to qualified applicants for necessary repairs that protect the health, safety, and welfare of the household and the immediate habitability of the home.

### Office of Sustainability Cool Roof Rebate Program

**Funds are still available!**

The Office of Sustainability can provide rebates of \$1 per square foot to property owners if they replace their roof with cool roof materials. This program is designed to assist individuals with the payment of this cool roof replacement, which will reflect heat, and in turn keep their house cooler and reduce their utility bills.

Buildings located in Metro Council Districts 1, 3, 4, 5, 6, 12, 14 and 15 are identified as high heat island areas based on the Urban Heat Management Study and have been reserved at least 60% of the available funding.

For residential buildings, \$1 per square foot is offered, up to \$2,000 (including multi-family).

For non-residential buildings, \$1 per square foot is offered, up to \$5,000 or \$10,000 based on the type of roof.

Roofing products must be certified by **ENERGY STAR** and must be installed/applied by a contractor in good standing with the Secretary of State. The rebate will be distributed after the following information is provided: application, purchase receipt, photos of completed application, contractor-signed documentation of roof size, brand/name of shingle or roofing product installed, and W-9. **Applications can be submitted before the project is completed but funds will not be dispersed until project completion.**

Applicants can find more information about the program and apply here: <https://louisvilleky.gov/government/sustainability/incentives>

We also encourage the applicant to call the Office of Sustainability at 574-6285 to make sure they are eligible.

<p><b>Addressing Vacant Property in District 5</b></p> <p>On Saturday, March 17 at 10:00am at 2615 Magazine Street Councilwoman Cheri Bryant Hamilton is joining the Reverend Charles Elliott and representatives of organized labor in the Louisville area to applaud the efforts of “Jesus and a Job.”</p> <p>“We have more than 5,000 vacant and abandoned properties in our city and as we continue to work towards returning those properties to livable affordable housing, this effort shows one of the ways to tackle the problem one house at a time,” says Hamilton. For several weeks, the “Jesus and a Job” program has been working to convert 2615 Magazine Street from an abandoned structure into an affordable home for an individual or a needy family.</p> <p>“It is our hope that when finished, this house could be the first home for a person looking to first rent and then buy and become part of the community,” says Rev. Elliott. “This is the fourth house the program has worked on since the beginning of the year.” “Jesus and a Job” is a program that employs ex-felons to work on abandoned properties. By giving them a job, the program hopes they will learn a skilled trade and have a better transition back in the community as a productive citizen.</p>					<p>16</p> <p>Portland Fresh Stop Training Institute 11:00am - 1:00pm</p>	<p>17</p> <p>Love City Inc.'s Ribbon Cutting Ceremony at 12:00 pm 344 N. 26th Street</p> <p>Press Conference Addressing Vacant Property in District 5 10:00am 2615 Magazine Street</p>
