More than 440 youth have already enrolled in Reimage since it began in late 2015, and now the program will be able to help even more youth with its resources.

Dear Neighbor,

How do you picture spending the holidays this year? For many of us, we anticipate a warm, cozy time with family. We look forward to the smell of homemade delicious meals and desserts, gifts, and cheerful greetings. **Many families across Jefferson County will not have the opportunity to bring this picture to life.**

In 2017, nearly 5,800 students experienced homelessness across the district. **Many of these students live in a car, an overcrowded space on a family member's couch, a homeless shelter, an abandoned building, a bus station, a foreclosed home, etc.**

In the office of Student Equity and Community Engagement, **it is our goal to make the season warm and bright for as many of these families as possible.** Last year, we served 133 children and youth in the most heartbreaking situations.

This year we have already encountered a significant number of families in unsheltered situations and substantial hardship. We are asking for your help to support as many of these families as possible. Since this is a donor-recipient match program, **we can only support as many children and youth as we have sponsors.**

Please consider sponsoring a child/children for this year's adopt-a-family holiday program.

If you would like to sponsor a child/children or volunteer for the Holiday Celebration, please complete the [Google Form at this link](#) as soon as possible.

Sincerely,

John D. Marshall, Ed.D.
