

Pedestrian Safety Tips

- **Use sidewalks:** If a sidewalk isn't available, walk on the far side of the road facing traffic. Stay off busy roadways.
- **Be visible:** Wear brightly colored clothes during the day. Most pedestrian fatalities happen overnight, so be extra cautious in low-light or rainy conditions. Stay in well-lit areas, especially when crossing the street
- **Make eye contact:** Be sure drivers in stopped vehicles see you before you cross in front of them.
- **Stay alert:** Be responsible for your own safety. Keep your head up as you walk. Don't text, read, listen to headphones or otherwise be distracted while walking so you can see and hear what's going on around you.
- **Cross at crosswalks:** If no crosswalk is available, cross at an intersection.

Pedestrian Safety: Know Louisville's law

Louisville Metro Police Department

Pedestrian Safety Ordinance

- Louisville has specific rules for its busy roads – also known as arterial roadways.
- Metro Government has nearly 200 streets designated by law as arterial roadways.

Local law says pedestrians:

- must cross at crosswalks, unless there is none and then only at intersections.
- **Soliciting in the road is regulated by specific state law KRS 189.570 (21), in addition to:**
- Be at least 18 years old
- Wear a safety vest
- Utilize orange cones in each lane of traffic being occupied
- Leave the intersection before the light turns green
- No soliciting before sunrise or after sunset

Penalty for violating this law is a fine of \$25 to \$250.
