

1299 Trevilian Way  
Louisville, KY 40213  
402-456-8126  
[www.olmstedparks.org](http://www.olmstedparks.org)

**Position Availability: June 14-July 30, 2021. Summer, Hourly M-F**

**Community Engagement:**

Team Members will spend their time in the community, acting as a liaison between the agencies that offer the relevant services and those communities they serve. Team Members will work under the supervision of their Team Manager and Olmsted Parks Conservancy Director of Community Engagement. Team Members will receive an introduction and overview of resources available by various community organizations. Time will be in Olmsted Parks and surrounding neighborhoods in order to provide park neighbors with information about resources available through multiple agencies in the city of Louisville, and to help connect neighbors with local programs and services that will enable them to engage in community activities of their choice. Team Members will also help to safely activate parks and distribute resources to the community as deemed appropriate by current CDC and Metro Louisville Health & Wellness recommendations.

**Landscape Management:**

Team Members will spend time outdoors in Olmsted Parks throughout the city, assisting with beautification, landscape improvement, learning some “green collar” job skills. These could include maintaining formal beds, irrigation, mulching, pruning specimen trees, eliminating weeds and undesirable plant growth. Instruction, demonstration, and supervision provided. Raking leaves, trash pickup, installing trash cans and benches, painting park structures are examples.

**Necessary Skills and Attributes**

A compassionate, mature and responsible attitude is a must for any Team Member when working with the community. A friendly personality and a reliable work ethic. Must be comfortable working with the public and developing interpersonal working relationships.

**About Olmsted Parks Conservancy**

Olmsted Parks Conservancy's mission is to restore, enhance and forever protect Louisville's Olmsted-designed parks and parkways, connecting nature and neighborhood while strengthening the community's well-being. Keenly focused on our vision—that all seventeen parks and six parkways are extraordinary, in every way, for everyone—we execute projects that achieve the following:

**Restoration:** We restore the historical elements of the Olmsted Parks and Parkways through our capital park investments.

**Enhancement:** We enhance the parks through ecological restoration and natural areas management. We follow the historic planting plans for each park, plant hundreds of trees and bushes each year, keep invasive species out of the woodlands and maintain the formally planted landscapes.

**Community Connection:** We deepen connections between neighbors and the parks through hands-on volunteer projects, Friends of Olmsted Parks neighborhood groups and playful educational programming in the parks.
