

3 Year Sidewalk Repair Program

Overview

The 3 Year Sidewalk Repair Program specifies the Louisville Metro maintained sidewalks that are scheduled to be repaired over the next three fiscal years, beginning July 1, 2022, assuming two million dollars (\$2,000,000.00) funding for each fiscal year.

An integral part of our infrastructure is sidewalks since they provide connectivity to public services for the broadest range of our residents. Ensuring that our pedestrian facilities are safe and available to everyone is the goal of the Sidewalk Repair Program. This is achieved by eliminating tripping hazards that pose a risk to the traveling public and ensuring that all sidewalks conform to the Americans with Disabilities Act (ADA) dimensional requirements.

Since the amendment to Ordinance No. 253, Series 2010, passed on 12/16/2010, Public Works has accepted responsibility for sidewalk repairs on all Metro maintained roads. With this amendment, Public Works inherited a backlog of reported sidewalk hazards that had been the responsibility of abutting property owners. Prior to Fiscal Year 2012, sidewalk repair funding was a mix of Metro Council Capital Infrastructure Funds and CDBG funds. A Public Works sidewalk repair budget of \$225,000 was first approved in the FY 12 budget. With this budget, and with increased funding in subsequent years, repairs were prioritized based on the date reported and the severity of the hazard.

PUBLIC WORKS SIDEWALK REPAIR BUDGET	
Fiscal Year	Funding
2012	\$225,000
2013	\$269,000
2014	\$409,000
2015	\$1,409,000
2016	\$927,445
2017	\$2,658,000
2018	\$2,000,000
2019	\$1,500,000
2020	\$1,500,000
2021	\$1,000,000
2022	\$2,000,000

As funded by council in FY 18 and in effort to better understand our assets, Public Works engaged a team of consultants, QK4 and Pathvu, to survey known sidewalks maintained by Louisville Metro. The survey was completed in summer of 2018 and identified vertical displacements, cross slopes, running slopes, and roughness.

Purpose

In previous years, our program was developed to prioritize sidewalk repair projects based on the sidewalk condition and severity of hazard as notified by residential complaints in chronological order. Sidewalks rated a 4 or 5, from a scale of 1 to 5 with 5 being the most severe, were considered the highest priority for repair and likely require full replacement. Sidewalks rated a 2 or 3, while still a hazard, may be repaired using an alternative to full replacement with the more economical grinding technique, which is usually performed on an area-wide scale as opposed to specific address locations. Refer to the Sidewalk Repair Process Chart on page 5 of this plan for an overview of the inspection and prioritization process which Public Works used to follow.

In FY 22, PWA intends to complete all sidewalk complaints reported prior to December 2018 with conditions ranked 4 or 5. With outstanding funding in FY 22 and moving forward into future fiscal years, Public Works intends to utilize the comprehensive sidewalk inventory to take a proactive approach to sidewalk repair and prioritize projects based on a series of criteria that will result in a greater impact to overall pedestrian mobility and accessibility. These criteria include severity of sidewalk vertical displacement, pedestrian demand, prioritizing sidewalk repairs in environmental justice areas, proximity to bus routes, hospitals, schools, etc...

When completing sidewalk repairs based on surveyed results, Public Works intends to repair all vertical displacements for entire block faces greater than $\frac{1}{4}$ inch as identified as a trip hazard per ADA standards. Public Works will complete this work in a two-phased approach which will be comprised of concrete grinding and full depth slab replacement. Concrete grinding will occur on applicable vertical displacements of 2 inches or less in height. Full depth slab replacements will occur on vertical displacements over 2 inches, or where concrete grinding may not be appropriate.

Our hope with this approach is not only will we be creating much longer ADA compliant paths for pedestrians to traverse on, but by addressing entire blocks at a time, we are hopeful that we may encounter lower unit rates within our sidewalk repair contracts which would lead back to the capabilities to perform additional sidewalk repairs. Additionally, with completing entire block faces at a time, there is a possibility that we may see an increase in sidewalk contractors capacities to complete work through these contracts.

Assets

Public Works began surveying all known sidewalk assets in late 2017. The survey was completed mid-year 2018, and data from that survey was processed and provided back in Fall of 2018. Based on the survey data, there are 1,872 known linear miles of sidewalks along Metro maintained Rights-of-Way. Public Works has analyzed the survey data and found that there were 393,720 number of instances at the time of survey where sidewalks do not meet ADA standards based on vertical displacement greater than or equal to $\frac{1}{4}$ inches. In association with this number, we estimate that to repair all non-compliant sidewalk (based on vertical displacement only) it would cost \$68,333,874.31. Below is a table which shows assets, and estimated repairs needed in each council district as well as the percentages compared to the county.

Council District	Linear miles of sidewalk	Square Yards of Sidewalk	Percent total of county (%)	Estimated cost of repair	Estimated percentage of district repairs (%)
1	73.87	179,845	3.80	\$3,567,292.63	5.22
2	72.22	151,440	3.20	\$1,988,931.54	2.91
3	34.97	89,219	1.89	\$1,461,217.13	2.14
4	116.27	393,304	8.31	\$4,628,146.26	6.77
5	110.09	327,545	6.92	\$4,777,643.48	6.99
6	108.92	357,250	7.55	\$5,233,097.49	7.66
7	12.90	27,816	0.59	\$319,114.51	0.47
8	71.39	215,52	4.56	\$4,879,240.06	7.14
9	48.15	119,841	2.53	\$1,629,144.49	2.38
10	70.06	181,679	3.84	\$2,196,078.30	3.21
11	45.57	91,858	1.94	\$984,299.58	1.44
12	60.93	137,416	2.90	\$2,089,286.28	3.06
13	66.69	144,344	3.05	\$2,103,855.04	3.08
14	84.03	168,518	3.56	\$2,890,009.30	4.23
15	79.87	215,559	4.56	\$4,251,047.71	6.22
16	66.52	177,182	3.75	\$1,824,095.06	2.49
17	71.75	161,005	3.40	\$1,571,012.03	2.30
18	46.93	109,903	2.32	\$1,281,865.67	1.88
19	96.66	218,897	4.63	\$2,588,501.69	3.79
20	77.49	175,315	3.71	\$2,016,303.78	2.95
21	74.25	185,472	3.92	\$2,146,572.46	3.14
22	92.62	219,122	4.63	\$2,746,183.70	4.02
23	72.73	165,543	3.50	\$2,184,078.23	3.20
24	72.28	166,714	3.52	\$3,816,322.32	5.58
25	57.85	129,682	2.74	\$1,946,567.16	2.85
26	87.36	220,785	4.67	\$3,213,968.43	4.70
Total:	1,872.29	4,730,756		\$68,333,874.31	

As Public Works moves into this new approach in sidewalk repairs, we will be able to track our progress and update our total estimated repair needs as we complete projects. Previously, it was very difficult to provide this information since our repair plan was only completed at specific locations or addresses.

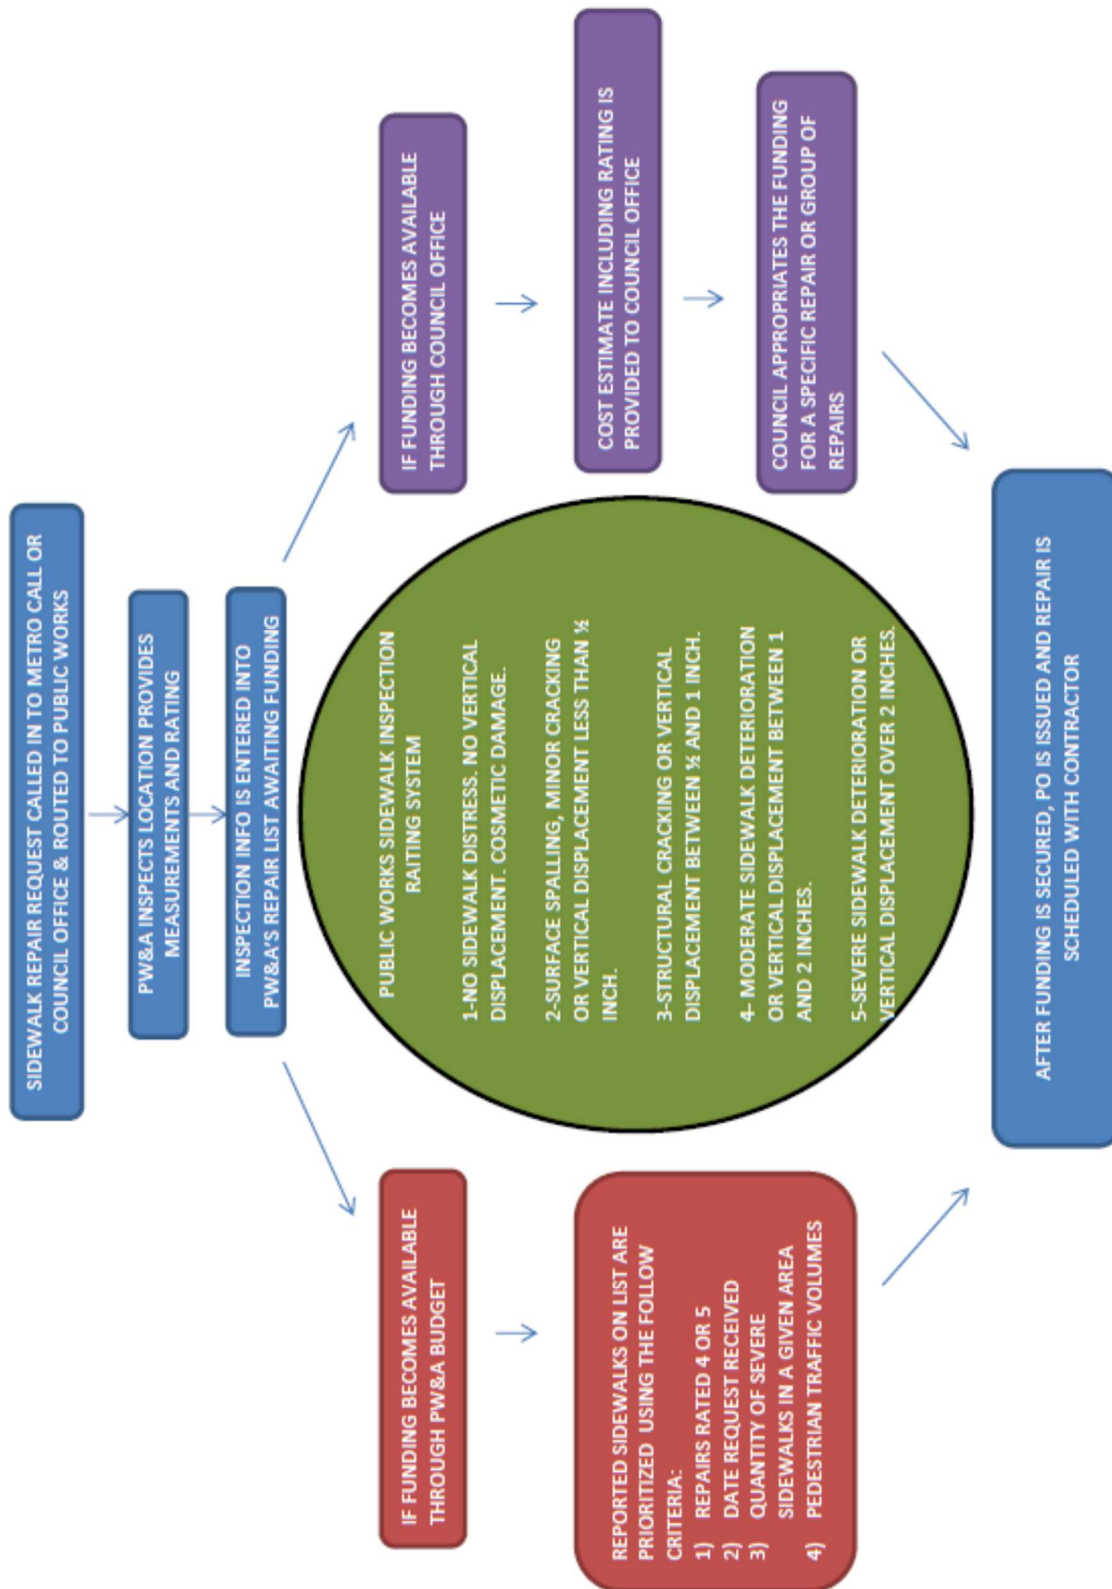

See Appendix A, B, and C for the sidewalk locations Public Works proposes to be repaired as part of the sidewalk repair program over the next 3 fiscal years. Each year assumes a two million dollar (\$2,000,000) budget. The following table shows a breakdown of proposed spending in each district as part of the 3-year plan.

Funding Per District			
District	FY 23	FY 24	FY 25
1	\$118,400.00	\$108,000.00	\$110,000.00
2	\$76,000.00	\$80,000.00	\$76,000.00
3	\$40,000.00	\$47,200.00	\$64,000.00
4	\$180,000.00	\$160,800.00	\$168,000.00
5	\$174,400.00	\$156,000.00	\$168,000.00
6	\$168,000.00	\$172,000.00	\$180,000.00
7	\$28,000.00	\$28,000.00	\$36,800.00
8	\$112,000.00	\$100,000.00	\$112,000.00
9	\$52,000.00	\$36,000.00	\$40,000.00
10	\$60,000.00	\$64,000.00	\$64,000.00
11	\$32,000.00	\$32,000.00	\$40,000.00
12	\$40,000.00	\$80,000.00	\$32,000.00
13	\$40,000.00	\$60,000.00	\$67,200.00
14	\$52,000.00	\$68,000.00	\$68,000.00
15	\$124,000.00	\$132,000.00	\$120,000.00
16	\$64,000.00	\$54,400.00	\$56,000.00
17	\$44,000.00	\$36,000.00	\$40,000.00
18	\$36,000.00	\$36,000.00	\$36,000.00
19	\$64,000.00	\$56,000.00	\$60,000.00
20	\$40,000.00	\$48,000.00	\$48,000.00
21	\$72,000.00	\$64,000.00	\$68,000.00
22	\$66,400.00	\$80,000.00	\$60,000.00
23	\$48,000.00	\$40,000.00	\$60,000.00
24	\$72,000.00	\$100,000.00	\$72,000.00
25	\$72,000.00	\$48,000.00	\$72,000.00
26	\$108,000.00	\$110,400.00	\$82,000.00
Subtotal	\$1,983,200.00	\$1,996,800.00	\$2,000,000.00
Outstanding	\$16,800.00	\$3,200.00	\$0.00
Total Assumed Budget	\$2,000,000.00	\$2,000,000.00	\$2,000,000.00

Public Works is still in the process of establishing unit rates to utilize for estimating purposes. Currently, PWA estimates sidewalk repairs at \$8.00 per linear foot of sidewalk. We need to take our estimated costs to a square footage price since some sidewalks may be 48 inches (4ft) wide, while others may be 120 inches (10 ft) wide. In FY 22, and over the next couple of fiscal years, as we move towards this new sidewalk repair approach, Public Works will be able to come up with a reasonable average costs per square foot to repair sidewalks which will be used for future planning and estimating.
