Dear Councilperson David James,

Verizon Wireless is serving notice that an application has been filed with Metro Public Works and Assets to install the following wireless small cell nodes in Council District 6 on Louisville/Jefferson County Metro Government controlled right-of-way.

Attached you will find:

- The list of proposed locations.
 - LV Louisville 2026
- The list of property owners notified within 150' of each proposed location.
- Sample letter sent to property owners and the appropriate standardized photo simulations of the proposed installation.

The purpose of these wireless small cell nodes is to increase cellular capacity at these targeted locations. This deployment will bring improved cell service to residents, business owners and those who work in Council District 6. Verizon Wireless is committed to working with the city to move this project forward balancing the city's regulation requirements and our network needs to best serve our customers in Louisville, as well as make your district a smart district.

Please contact our Verizon Team if you have any questions or comments at VZW.KY.SC@verizonwireless.com.

Sincerely,

Leonard Strickland
