RE: Neighborhood meeting for a proposed change in zoning from R-4 to PRD (Planned Residential Development) for a single-family subdivision on property located at 8204, 8212, 8302 and 8306 Glaser Lane

Dear Neighbor:

We are writing to invite you to a meeting we have scheduled to present neighbors with our zone change and Detailed District Development Plan (DDDP) to allow a 69-lot attached/semi-detached subdivision to be located on the properties referenced above.

Accordingly, we filed a plan for pre-application review with the Division of Planning and Design Services (DPDS) that was assigned case number, **23-ZONEPA-0024** and will be assigned a case manager whose name we will have available at the neighbor meeting. The applicant is proposing to build 69 attached/semi-detached lots with 19 duplex buildings (comprising 38 lots) and 31 single family detached lots for a density of 5.87 dwelling units per acre. There will also be 223,182 sf of open space, with the area around Little Cedar Creek being preserved and thus providing additional screening and buffering along the western property line. There will also be two boulevard style open spaces internal to the development for use by the lot owners. Accordingly, we would like to show and explain this plan so that we might hear what thoughts, issues and concerns you may have.

In that regard, a meeting will be held on **Tuesday, March 7, 2023**, beginning at **6:30 p.m.** at the **Teamsters Local 783** located at **7711 Beulah Church Road** (*behind Veenus Motorsports*). **Please use one of the side entrances to the building.**

Enclosed for your review are the following:

1. The development plan sheet
2. LOJIC site location zoning map sheet showing the location of the site
3. Detailed summary sheet of the project
4. Contact information sheet and Information on how to obtain case information online from PDS' online customer service portal
