The present zoning for the property is R-4 Residential, with a form district of Neighborhood, which will remain the same. A tree preservation plan will be provided to the planning commission’s staff landscape architect for approval for the subdivision as required. Sanitary sewers will be extended from the existing MSD sewer system. Road access will remain from Lovers Lane per the currently approved subdivision plan.

NOTICE OF POTENTIAL CHANGES. Please be advised that this “Detailed Summary” is required to be provided in order to schedule the “neighborhood meeting” and to begin the application process. While every effort is made to make it accurate, changes will likely be made to the development plan before or after the neighborhood meeting, and after various agencies and DPDS staff review the plan.
