

NuLu Review Overlay District Committee

Notice of Public Meeting: Design Guideline Update

Metro Council has requested a review of the NuLu Review Overlay District (NROD) regulations and design guidelines. After the creation of the District in 2015, Metro Council has since approved two plans to guide development in the area - Plan 2040 and the Butchertown, Phoenix Hill, and NuLu Neighborhood Plan.

After conducting public engagement and meeting with District stakeholders, Staff has created draft design guideline and regulation updates to be presented to the NROD Committee for review and action. If approved, NROD Committee recommendations will be presented to the Metro Council for review and potential adoption.

During this NROD Committee meeting, the draft documents will be presented, discussed, and possibly edited. An opportunity for public comment will also be available. If you'd like to participate, you may attend the meeting in person or join online.

DATE: Tuesday, October 22, 2024
