

# OPTICAL TECHNICIAN PROGRAM

## FREE CLASSES

- The Optical Technician program trains participants for entry-level jobs in the optical field as Optical Technicians or Dispensing Opticians for spectacles and contact lens.
- Participants also develop customer service and business skills for working in optical settings such as optometry offices, optical labs, retail stores, and ophthalmology clinics.
- Graduates are prepared to take the National Opticianry Competency Exam (NOCE) and the Contact Lens Registry Exam (CLRE), leading to certification as a Licensed Optician and Registered Contact Lens Dispenser.
