No body Worn Camera

On May 23, 2024, at approximately 10:00 am members of the Baltimore City Sheriff's Office Special Operations Division responded to 5102 Pembridge Ave to assist Animal Enforcement with a Search and Seizure Warrant. Deputies were met by Animal Enforcement (AEO) Officer Aaron Howard (Badge# 481), who advised Deputies that the property manager of Strategic Property Management, Peter Brooks, dispatched Agent Yaron Hami to 5102 Pembridge Ave on Monday May 20, 2024, to check on the property due to the tenant's failure to pay rent. Upon entering the home, Agent Yaron Hami activated his body worn camera and began recording footage of the property. After the inspection was completed Yaron Hami contacted Peters Brooks and informed him of the state of the property and the plethora of dogs that were being housed. Peter Brooks then contacted animal control and reported what was observed. In lieu of this information, Animal Control Officer Aaron Howard established the foregoing grounds for the issuance of a Search and Seizure Warrant, which was signed by the Honorable Judge Diana Smith in the District Court of Maryland for Baltimore City on May 22, 2024.

After briefing, Animal Control Officer Aaron Howard knocked and announced himself at the property and after no response from tenants later identified as both Robert Conley and [REDACTED] he forced entry. Deputies assisted with clearing the residence for safe entry of all other parties. In total there were eighty-three dogs and 1 cat being housed in the property with many of the dogs being housed on the second and basement levels of the residence. There was a strong ammonia smell emanating from the residence, and all the dogs were in crates compiled of urine and feces. Photos and video evidence was taken and will be admitted into a comprehensive report. All animals were evacuated from the residence and are currently being medically evaluated. On scene, a preliminary investigation into criminal charges were conducted. Deputies were unable to ascertain the identity and age of the suspects.

While executing the search and seizure warrant, two relatives later identified as [REDACTED] mother and sister arrived and observed operations. They refused to give any information about the suspects or themselves. It was overheard during their telephone conversations that they had spoken with the suspect, and he was aware of the situation.

On May 24, 2024, Detective Spencer was able to contact the management company, which was able to provide initial body worn camera footage, and messages linking the suspects to a telephone number. Through law enforcement database queries, and the information gathered, Deputies were able to positively identify the suspects as:
Robert Lee Conley 04-21-1978 MD SID: 2934546 MD OLN: C 540 745 407 308

Investigations into the sales of animals have revealed no business/trading licenses registered to either suspect or property. However, a search through social media has revealed Defendant Conley is selling animals through Instagram, using the social media name "rajaas2014"

A detailed report from the Baltimore City Animal Control detailed:

" There was an overwhelming odor of ammonia upon entry and numerous dogs could be heard barking on all three levels of the residence. On the first floor, four crates with nursing mothers were located; one had two puppies, one had six puppies, and two had four puppies. Ten additional caged dogs were also on the first floor. On the second floor, two dogs were located in separate crates in a front bedroom. When entering the basement, a noxious odor of ammonia and animal waste was smelled in the basement. The odor was strong enough to cause Officer's eyes to water and to cause a burning in their nostrils and chests when inhaling. The basement was dark, hot, humid and did not have proper ventilation. One a small fan was observed in the ceiling near the bottom of the stairs above a grooming table. One small, glass-block (privacy), window in the rear of the basement was the only form of natural light.

A DSH, spayed female, brown tabby, cat was also removed from inside of the residence (TT #163084) While on-scene, Supervisor Howard met with the Property Manager, Ron Hami, 215-300-1627, who provided him with the information for two tenants: Robert Conley, 443-248-9942 and Michael Porter. Mail and packages in plain view, inside of the residence were addressed to Robert Conley as well as " River of Life" . AEO Hughes was able to identify Robert Conley and " River of Life" , which appears to be Mr. Conley' s kennel name, on social media platforms as well as " Puppies.com" for the purposes of breeding dogs and selling puppies.

All animals were impounded due to their extremely poor living conditions, their health concerns and breeding without a permit. So that dogs could be easily removed from the location and to reduce additional stress on the dogs, a lock on the rear gate was cut to utilize the rear yard exit/entry. Notice of Impoundment was left on the ottoman in the living room along with a copy of the warrant. All doors were closed and secured before leaving the scene. Photos and video taken on scene and upon arrival at the shelter. It is clear to investigators that the animals housed in the upper level were cared for greater than those crated in the basement. Combined with family members on scene, acknowledging that the Cane Corso, which was housed upstairs, was the family' s personal animal. This shows that both suspects knew how to and did provide adequate care for animals. This further exclaims the neglect and abuse given to all other animals.

Investigation into the River for Life Company shows no breeding license but does show multiple animals for sale and grooming.
