

MET Seeks Volunteer Coordinator

Maryland Environmental Trust, in conjunction with [Volunteer Maryland](#) and AmeriCorps, is recruiting for an 11-month, full time Volunteer Coordinator.

The Volunteer Coordinator, an AmeriCorps Member, will coordinate and manage MET volunteer activities, as well as assist our land trust partners with recruitment and joint training of volunteers. MET's volunteers serve primarily as Land Stewards who visit properties protected with conservation easements to document land use and ensure that properties are being managed in compliance with easement restrictions. They photograph natural and built features of the properties and complete digital monitoring reports. Their visits help to foster and maintain working relationships with the landowners of easement properties and other lands we protect e.g. county and state resource areas. The AmeriCorps Member will also schedule and host educational seminars for our volunteers and easement landowners about the stewardship of conserved land.

To apply, please send a resume to MET's Wendy Foster at Wendy.Foster@maryland.gov. The application deadline is August 20, 2023.

We are currently accepting applications for our open AmeriCorps Member position, which is an 11 month, full-time (40 hours/week with \$21,000 stipend) opportunity as a member of Volunteer Maryland. The service year begins on September 13, 2023 and ends on July 31, 2024. The Member will work with MET Stewardship team to continue to grow our volunteer program, recruit, train and support our volunteers. Volunteer Maryland provides professional development and guidance to the AmeriCorps Member. Applications will be reviewed on a rolling basis until the position is filled, so apply early.

Please feel free to share this announcement with anyone who might be interested.
