## Maryland's 2nd Statewide Brownfield Conference Brownfields: A Walk in the Park for All

Wednesday, November 16, 2022  
Virtual

Please join the Maryland Department of Planning on Wednesday, November 16 for our 2nd statewide Brownfield Conference for local governments, consultants, attorneys, developers, and non-governmental/community organizations to learn and share information about brownfields.

This is an important opportunity to delve deeper into how revitalizing land through brownfield cleanup and redevelopment/reuse can bring about improvements in equitable access to recreational spaces in Maryland's communities and serve as A Walk in the Park for All.
