Baltimore District Commander Darrell Truesdale, 1st Vice Commander Austin Ball and the Baltimore District of the American Legion Support the ZERO Prostate Cancer Challenge

Join us for the ZERO Prostate Cancer Challenge

We are teaming up with Chesapeake Urology to provide FREE prostate cancer screenings. In 2017, over 160,000 men will be diagnosed and more than 26,000 will die from the disease.

African American men are 60% more likely than the rest of the population to develop prostate cancer.

The good news is, early detection helps you beat the odds against prostate cancer. A few minutes could save your life.
