Brief History

The Veterans Administration (V.A.) only provides dental care for Veterans who are 100% disabled or have service connected injuries.

In late 2016 the American Legion Post 64 was approached by a local dentist regarding possible services for needy Veterans. A grassroots organization was formed. Dental needs for our Veterans are substantial.

In early 2017 a board of directors was established and Veterans Smile Make-Over, INC became a reality.

Our organization is an all-volunteer organization comprised of members and professional dentists and labs.

Abner Snell (Our First Smile)

Donations

Veterans Smile Make-Over is a 501-C-3 non-profit public charity. It survives on donations from organizations and the general public.

100% of the funds donated to the organization are used to carry out our mission.

We are devoted to bringing a smile to those veterans in need.

Our services go beyond dental needs to assist veterans toward a healthier life style and self-confidence.

Tax deductible donations can be made out to "Veterans Smile Makeover" or by credit card at our location or over the phone.

Our

MISSION

Veterans Smile Make-Over Inc. assists those veterans in need of dental care.

This is accomplished through outreach to VSO's and other organizations throughout our community.

We work throughout the lower eastern shore of Maryland and Delaware to help improve the quality of life for our needy veterans.
