

# **PREMIER HEALTH EXPRESS**

## **A Warrior Centric Healthcare Recognized Facility**

### **Joining Forces: Warrior Centric Healthcare Foundation, Premier Health Express and the American Diversity Group**

The Warrior Centric Healthcare Foundation has joined forces with Drs. Samuel and Ofundem Nokuri and American Diversity Group to open Premier Health Express Clinic (PHEC) in Howard County. The Clinic will focus on the treatment of acute injury and illness in addition to chronic illness on a six day per week basis. Pediatric providers will also be on staff each shift to provide specialized care for the most precious of patients. While the Clinic will target DOT, school and sports physicals, minor workers' compensation injuries, all providers and staff will be Warrior Centric Health trained to ensure "white-glove healthcare services" for our United States Veterans on a walk in, referral, or telemedicine basis.

Located in Columbia Maryland, the Clinic will provide onsite telemedicine to local DC, MD, and VA residents as well as internationally. Patients will have access to x-ray, EKG, and waived fees for laboratory testing. In addition, common generic pharmaceuticals will be dispensed on a cash pay basis furthering the convenience and in many cases the cost effectiveness for the patients.

### **Mission Statement**

The mission of Premier Health Express is "To provide patients with access to quality, affordable care for both acute illnesses and injury as well as chronic disease management that is conveniently accessible to our insured, uninsured, and veteran population."

### **Emerald Five Star Veteran Service Plan**

The Premier Health Express Clinic will provide high quality, affordable, and convenient care to all of its patients. In addition, PHEC is proud to offer the Emerald Five Star Veteran Service Plan to honor and support our Veterans. This plan offers Veterans complete care at a 50% discounted rate. This includes telehealth services to enhance access for our Veterans especially those facing transportation, physical or other challenges to obtaining healthcare.

In partnership with the Warrior Centric Healthcare Foundation, the main treatment area will be constructed, dedicated and made veteran centric to honor our them. As an adjunct to the Urgent Care, Premier Health Express will be providing telehealth to our Veterans for improved access especially those living far out and have to travel long distances to receive care. Premier Health Express will be partnering with American Diversity Group and Warrior Centric

### **Strategic Advantage**

The uniqueness of Premier Health Express brand and its strong partnerships give Premier Health Express numerous strategic advantages over the competition. The Clinic will be led by physicians with tremendous experience who bring to the table the ability to recruit top level providers to accommodate growth. The Clinic will be located in a bustling community with new state of the art equipment including x-ray and will utilize one of the market's top EMR systems to facilitate superior patient flow reducing wait times.

Finally, by partnering with American Diversity Group and Warrior Centric Healthcare Foundation, Premier Health Express will have broader outreach into the underserved communities—in addition to ensuring quality health services reach our Veterans in the local, rural and urban areas of Maryland.
