

WOUNDED WARRIOR PROJECT ★ PEER SUPPORT GROUP ★

**WOUNDED WARRIOR
PROJECT®**

Wounded Warrior Project® (WWP) Peer Support Groups (PSG) are designed for and led by warriors who want to discuss personal challenges and lend support to one another. These groups can lead to new friendships, provide a renewed sense of community, strengthen bonds through shared experiences, and introduce new solutions to challenges.

WWP can help you connect with fellow veterans and service members in your community to overcome challenges as a team. Check out your local PSG information below. We hope you'll contact us and join us for a meeting soon.
