Prince George's County Office of Veterans Affairs

---

New 2020 Program:  
The PG OVA has created the "Surviving Spouse Initiative".

Purpose:

We have seen a large number of men, women, and family members visiting the OVA Division during the past year for various reasons; and, we have also experienced several losses of veterans living in the Crown Jewel which has prompted us to spread the word that we are here to help in many ways.

The program has 3 components:

- A. Be prepared: Gather Important papers, etc.
- B. Upon Loss (immediate actions)
- C. Moving Forward: followup necessities.

Why:

Prince Georges has the largest number of veterans in Maryland. (Many are now 65 and over and many are Vietnam Veterans).

Forward:

The OVA is asking ANY and ALL nonprofits serving military connected seniors and veterans to make them aware of the Office of Veterans Affairs' new spouse assistance initiative.

Help:

Veterans, spouses of veterans and family members must know we are here and can be contacted 24/7 at:

Please inform & Share!

Note:

We also assist with VA Disability Claims, health and mental health needs, employment, labor issues, and serve each customer according to needs.
