LAB TECHNICIAN
POSITIONS
MAY 2023

WHO SHOULD APPLY?

We're looking for motivated post-9/11 honorably-discharged veterans who are ready to take the next step in their career! Our technicians learn transferable skills while curating archaeological and archival collections in our five-month U.S. Army Corps of Engineers funded program.

FREQUENTLY ASKED QUESTIONS

DO I NEED ARCHAEOLOGICAL EXPERIENCE?

No! Each technician is trained in our archaeological and archival methods as well as artifact photography!

IS IT ONLY FOR ARCHAEOLOGISTS?

Definitely not! Technicians start careers in a variety of fields including digital technology, museum and heritage management, federal and local government, and more!

WHY CHOOSE US?

You'll learn new skills and receive personalized support for your professional goals. Technicians earn competitive pay while working with other veterans to curate our nation's history!
