Even if you registered for summer program, you will need to register again so I know you are confirming you will be attending class at these updated times. If you registered this summer for the veterans tennis program, you do not need to submit another registration, unless you have updated information. Additionally, the wheelchair tennis schedule is different from the Session I Fall Schedule - please read carefully.

Please share this information far and wide to anyone who may be interested! Let me know if you have any questions and look forward to seeing you on the court soon!
