**YOU ARE IN THE NETWORK—THE NETWORK IS YOU**

As a provider, being part of this network means that you can focus on what you do best – knowing your partners in the network can work to their strengths.

**MAKING THE CONNECTION**

As a veteran or family member, being part of this network means that we do the work for you. No need to call or visit multiple sites in order to find what you need. ServingTogether evaluates your unique needs and life goals and connects you with qualified and appropriate providers who:

- Can best address your specific needs and goals
- Have confirmed capacity to serve you
- Provide services for which you are eligible
- Are as conveniently located as possible
- Communicate with one another to ensure solutions work

# WELCOME TO THE FASTEST GROWING VETERANS NETWORK IN AMERICA!

ServingTogether was created to coordinate the systems of care for veterans, service members and their families, so the entire community can better identify those veterans and direct them to supports that are in place just for them. Our goal is to get the right person to the right provider in the least amount of time.

In order to attain this goal, ServingTogether partnered with the Institute for Veterans and Military Families (IVMF) at Syracuse University to incorporate their AmericaServes model. With this partnership, we now coordinate access to a continuum of high quality health and human service providers from legal, housing and emergency service providers to employment, recreation and fitness, financial capabilities and more— all designed to provide those who serve, have served and their families, with the most comprehensive service delivery experience available anywhere in the nation.

ServingTogether is a program of EveryMind, a regional nonprofit organization with more than 60 years of positive impact on the emotional wellness of our community.

**“This blew my mind regarding how quickly the providers reached out. All the assistance I needed was under one roof—One phone call did it all and I will forever be grateful.”**

—Theotis Carpenter, Veteran

## OUR MISSION

We are here to serve our nation’s veterans, service members and their families. To make their path to resources easier. We are here to bring service providers together so that each provider can work to their strengths, knowing that network partners can fill needed gaps in service. We have built strong relationships with nonprofits, community veteran organizations, local businesses and County government, all with a common goal of sharing ongoing support in the many transitions in life beyond the military.

## WHO WE SERVE

Active duty, National Guard, Reserve Service members as well as veterans and their families who currently or are seeking to reside in the National Capital Region. We strive to support all individuals who have worn the uniforms of our military — regardless of age, era, branch or discharge status. Though all services may not be available to every member, our Veteran Peer Navigators will work diligently to find an appropriate local resource for every need.

## YOU SERVED OUR COUNTRY.

## WE SERVETOGETHER.

**“The network has benefitted our organization, the vets we serve, and the veteran community... it made my job easier as a case manager.”**

—Ben Stahl, Executive Director of Veterans Leadership Program

## NAVIGATION SIMPLIFIED

We do the homework for you.

ServingTogether evaluates your civilian-life goals and directs you to the network providers who can help you reach them.

## TIME SAVED

Finding the services you deserve should not be a full-time job.

Decoding eligibility requirements should not feel like rocket science either, which is why this network will:

- Reduce the length of time you spend searching for services
- Increase the accuracy of referrals by knowing what provider fits your needs
- Know provider eligibility requirements, reducing confusion and frustration

## SEAMLESS EXPERIENCE

Network Providers work together to serve you. This means you only have to provide eligibility information **ONCE**.

Submit your documents the first time you enter the network, and you never have to show them again.
