### **What is the focus of ST Women's CVEB?**

The Women Veteran Engagement Board (STWCVEB) is a place to strengthen the leadership, amplify the voices, and highlight the needs of women veterans in their pursuit of quality healthcare, accessibility, and benefits.

More broadly, this board's initiative aims to:

- Provide a collective voice: The ServingTogether Women's Community Engagement Board will be a space for women veterans, their families, Veterans, caregivers, VSOs and community partners to identify community goals and address service gaps.
- Connect to resources: ServingTogether Women's Community Veteran Engagement Board will work to link women veterans to necessary resources, including benefits, employment services, mental health support and more.
- Advocate for women Veteran's unique needs: We recognize that women Veterans often face different challenges, and this board will advocate for policies and practices that meet those specific needs.

- Foster community and support: The ServingTogether Women's Community Engagement Board will create a space for women veterans to connect with each other, share experiences, and build supportive networks.

Essentially, ServingTogether Women's Community Veteran Engagement Board is a platform for collaboration, advocacy, and direct support, all with the goal of improving the well-being and quality of life for women Veterans in the DMV.
