# Provider 2025-2026 VFC/317 & Direct Ship Vaccine Holiday Shipping Calendar

If you are expecting orders to arrive before the holidays, please keep in mind that routine shipments from McKesson can take up to 4 business days to process before they are shipped. Also, note that shipments may take longer than 4 days to process and ship if the provider does not have regular business hours daily (Regular hours are defined as M-F, 8am-5pm).

**Providers are strongly encouraged to order early during the winter holidays. Providers are also encouraged to maintain a minimum of 4 weeks of inventory to prevent vaccine outages if orders are delayed due to weather and/or carrier interruptions.**

Shipments may arrive on any day of the week, including Mondays, based on the way business hours are entered in VTrckS.

- Providers with hours other than normal business hours should note that orders may ship out later than the “order shipped by” date.
- Flu and direct ship vaccines cannot be shipped as priority and therefore should not be marked as priority in VTrckS.
