

NOTICE of AIR PERMIT COMMENT PERIOD and PUBLIC HEARING

The Michigan Department of Environment, Great Lakes, and Energy (EGLE) is holding a public comment period and a virtual public hearing to allow the public the opportunity to comment on the proposed conditional approval of an air permit.

There is a public comment period from August 18, 2021, until October 4, 2021, and a virtual public hearing on September 22, 2021 for:

Company: Grand Haven Board of Light & Power (Grand Haven BLP) proposed to locate at 1231 North Third Street, Grand Haven, Michigan

What Grand Haven BLP wants to do:

Under application No. APP-2021-0054, Grand Haven BLP is requesting to install and operate a new combined heat and power plant consisting of five natural gas-fired reciprocating internal combustion engines.

The public comment period and public hearing are to allow all interested parties the opportunity to comment on the proposed conditional approval of a Permit to Install (PTI). It has been preliminarily determined that the installation of new equipment will not violate any of EGLE's rules nor the National Ambient Air Quality Standards. The facility's impact will also not exceed the available increments for nitrogen oxides.

Provide comment in any of these ways by October 4, 2021:

- **By email** to EGLE-AQD-PTIPublicComments@Michigan.gov.
- **By voicemail** by calling 517-284-0900.
- **In writing to:** Ms. Annette Switzer, Permit Section Manager, EGLE, AQD, P.O. Box 30260, Lansing, Michigan 48909-7760.
- **Attend the virtual public hearing** on September 22, 2021, starting at the close of the informational session. The sole purpose of the public hearing will be to take formal testimony on the record.

EGLE will be hosting a virtual informational session, prior to the hearing, on September 22, 2021, starting at 6:00 p.m. EGLE staff will provide a summary of the proposed permit and the technical review completed with an opportunity to answer questions from the public.

Links to attend the virtual meetings can be found at:
