Community Education Commission

# GOAL

## Get On And Learn

## How It Works

The City's new GOAL Line connects ten schools in northwest Detroit and allows students to be picked up and dropped off at any school on the GOAL Line bus route in the morning or afternoon. After school, students can also ride the bus to Northwest Activities Center (NWAC) for free after-school programs. Parents can pick up their children from NWAC, or children can ride the bus back to any of the 10 schools on the GOAL Line route.
