PROPOSAL SUMMARY

The City of Detroit is procuring services for a consultant for a Zoning and Land-Use Study as part of an overall Framework supporting the Michigan Department of Transportation (MDOT) I-375 Reconnecting Communities Boulevard project. **Cost of the study: \$350,000**

The goal of the project is to provide policy recommendations on Zoning and Land-Use for consideration by the City of Detroit and its residents and stakeholders on residual land resulting from the ultimate construction of a surface boulevard replacing I-375 and the Gratiot Connector.
