

City of Detroit Launches New E-Bidding System – EUNA Procurement (Bonfire)

Dear Vendor,

The City of Detroit’s Office of Contracting & Procurement is excited to announce the launch of our new **e-bidding system**, EUNA Procurement (Bonfire), a modern platform that makes it easy and intuitive to find and respond to opportunities with the City.

All new procurement opportunities will now be posted through **EUNA starting November 10th**, replacing the City’s Oracle bid submission process. This system provides a streamlined, fully electronic experience for vendors to view opportunities, submit bids or proposals, and receive award notifications. The City will continue to use Oracle for activities once the bid is awarded - for contracts, purchase orders (PO), and invoicing.

Note: Opportunities posted in Oracle prior to November 10th will continue to be managed and responded to through Oracle. Please expect a ~30-day transition period during which you may need to check both Oracle and Bonfire for active opportunities. Pre-qualified demolition solicitations will continue to be managed in Oracle until January.

Get Started Today

1. **Register your company** (free and easy):
 - a. Visit detroit.bonfirehub.com
 - b. Only one person per organization should register first; this person will then invite additional team members afterward. This prevents multiple records for your organization.
 - c. **Select your commodity codes (NIGP codes):** When registering, choose the codes that best describe the products or services you offer. This ensures you will receive automatic email notifications for relevant opportunities.
2. **Explore open solicitations:** Once registered, you can view open bids, download bid documents, and submit responses.

Why EUNA?

EUNA simplifies the bidding process by providing:

- An intuitive user-experience for viewing and submitting bid responses

- Real-time confirmation of bid submissions
- Transparent communication and document sharing
- Streamlined evaluations and award notifications

Need Help?

- **Portal:** detroit.bonfirehub.com

We are excited to continue strengthening partnerships with our supplier community and appreciate your role in helping us build a more efficient, equitable, and transparent procurement process.

Thank you for your continued interest in doing business with the **City of Detroit**.

Sincerely,

Office of Contracting & Procurement

City of Detroit
