

2016 Monthly Webinar Training Schedule

Intermedix is pleased to provide you with the schedule of monthly Webinar training sessions for the remainder of 2016. Each of these sessions focuses on one of the following solutions: eICS, EMResource, or EMTrack.

Topics to be covered in each session are determined based on recently deployed features, the latest enhancements to existing features, and client needs and suggestions.

Approximately two weeks prior to each session, Intermedix will send a notification containing the topics to be covered and instructions for registering and attending the Webinar.

Webinar Schedule:

eICS	EMResource	EMTrack
Each session: 9 AM CT	Each session: 2 PM CT	Each session: 2 PM CT
08/18/2016	08/24/2016	08/17/2016
